

## Lowpoint-Washburn Technology Use Guidelines

Parents & Students,

When using school technology please be aware of the following policies:

- Assigned devices should be brought to school each day. Devices should be fully charged each day.
- School technology (computers, charging cords etc) are to be treated with care and used in a safe, responsible and appropriate manner.
- Devices are to be returned at the school's request.
- Devices should be undamaged and in working order upon return. Any damage to school technology will become the financial responsibility of the family.
- Go Guardian has been installed on all school devices which enables our staff to monitor the sites that are visited. School devices should be used only for educational use and not for gaming, streaming movies etc. Our technology department has the ability to monitor each device and block any sites that are not school related.

## Lowpoint-Washburn Technology Use Contract

I have read the Technology Use Guidelines and agree to abide by the policies that have been communicated with me.
