JAYPRO MODEL EC-1000

VOLLEYBALL UPRIGHT AND EQUIPMENT CARRIER

Equipment carrier shall be manufactured from four 3" rigid steel square vertical posts which are joined together with 1 5/16" steel pipe welded between. Six 3/16" flat steel upright hooks are welded to each side to hold three standards per side. Upright hooks shall be felt-lined to protect finish of volleyball standards. Four smooth rolling 3" swivel casters are assembled to the bottoms of the 3" square uprights for easy transport of volleyball posts, balls, nets and other equipment.

All steel construction shall be primed and painted Jaypro blue with a two-part catalyzed polyurethane paint.

A 43" x 21" reinforced vinyl equipment bag is assembled, by means of nylon lock ties, to each end rail for ample storage of nets, balls and antennas.
