

PRESS RELEASE

9th February 2018

DART Talent & Executive Search was awarded the Editor's Award for the Best Wealth Management Executive Search Firm (Switzerland) on Thursday, at this year's Swiss WealthBriefing Awards, the coveted specialist award ceremony for the Wealth Management industry.

In announcing the winner, Tom Burroughes, Group Editor, specifically highlighted DART as "...a business with a wide geographic reach and an ability not just to find talent but advise clients on how to enter different markets, this firm sets high standards in what is at times a testing market environment".

Upon winning the award, Daniel Aghdami, Managing Partner and Founder of DART Talent & Executive Search, commented:

"I am delighted for our firm to have been awarded for the second year in a row. This is an accolade to the hard work, dedication and values of my team, of whom I am very proud. We have always set out to be committed, persistent and values-driven in our quest to support a select client base in Wealth- and Asset Management; in securing them the very best senior talent. We are humbled by the trust of our longstanding clients, and I regard this award as a sign of our approach being the right one. A sustainable one. We look forward to continuing to positively influence businesses' growth and individuals' careers in our sector focus to the best of our ability, and to constantly improve and innovate in our work."

ClearView Financial Media's CEO, and Publisher of *WealthBriefing*, Stephen Harris, was first to extend his congratulations to all the winners: "The firms who triumphed in these awards are all worthy winners, and I would like to extend my heartiest congratulations. These awards were judged solely on the basis of entrants' submissions and their response to a number of specific questions, which had to be answered focusing on the client experience, not quantitative performance metrics. That is a unique, and I believe, compelling feature. These awards recognise the very best operators in the private client industry, with 'independence', 'integrity' and 'genuine insight' the watchwords of the judging process - such that the awards truly reflect excellence in wealth management.
