Spring Training

Cocaine Addiction and its Effects

1st May 2020

10 a.m.—4 p.m.

Addiction Training & Therapy Ireland

Is pleased to offer a workshop on Cocaine Addiction for those in the addiction field or related areas looking to expand and build upon their knowledge and competency base with this particular drug. The training will include learning in key areas such as the salt and base forms of cocaine, the history of cocaine, routes of transmission, cocaine and its effects, cocaine and harm reduction & tri-phasic abstinence patterns. In addition, the workshop will also explore primary health care in relation to cocaine use and examine interventions from other jurisdictions in terms of both efficacy and challenges. This training is for anyone with a serious interest in the area of substance use and who interacts in either a paid or voluntary capacity with people who have addiction issues.

Title: Cocaine Addiction—and its effects

Course facilitator: Peter Kelly: MSc Psychoanalytic Psychotherapy: Addiction Training & Therapy Ireland

Venue:
The Carmelite Center
56 Aungier St
Dublin 2

Schedule: 10 a.m.—4 p.m.

Eligibility: This training is for anyone who interacts on either a paid or a voluntary capacity in the area of problem drug use /addiction and has an interest in both the conscious and unconscious factors that underpin cocaine use.

Cocaine Addiction

Learning Outcomes:

- Have developed an understanding of both the recreational and dependent aspects of cocaine use and its manifestations
- Have gained an overview of both the history of cocaine and the Irish situation with regard to both prevalence and demographics.
- Explore both the physical and psychological effects of cocaine use and the ways that harm reduction strategies can be used to minimize harms
- Examine the effects of cocaine on the biochemical economy and its cumulative effects when used with other drugs
- Review the international evidence regarding treatment interventions, pharmacotherapies, CBT, holistic approaches

Biography:

Mr Peter Kelly MSc psychoanalytic Psychotherapy, Advanced Diploma in Supervision, BPh (Philosophy), Dip Social Studies, M.I. trainer, Reality Therapy, Certified. Peter works in the area of addiction and substance misuse and has been involved in the provision of both drug counselling and drug education for the past twenty years. His clinical background is psychoanalytic psychotherapy and he is an accredited member of both the A.C.I. (Addiction Counsellors of Ireland) and the Association of Psychoanalytic Psychotherapy Ireland (A.P.P.I.). Peter is also trained in Motivational Approaches to problem drug use, and his areas of interest include both the role of the unconscious in addiction and how people manage and overcome addictive cycles.
