

Nursery Newsletter Autumn 2020

Welcome to Holy Rosary Nursery. We have been very excited to meet you! Over the next few weeks we will be working hard to ensure that all your children settle into Nursery life and enjoy all the activities we have on offer. We look forward to seeing you all in your new, smart uniforms.

R.E.

Our topic this half term is going to be 'family and celebrations'. We are going to take the time to learn the importance of our names (Learning each others) before looking at our family and how God loves each one of us. The children will begin to learn our school prayers and once settled into Nursery, begin to take part in class worship.

Topic

Our topic for this term is 'Celebrations'. This element of learning will run for the whole term and the children will think about themselves and their families. We will focus on what celebrations we have seen or know happen in our communities and why they are important to us, as well as different celebrations that happen around the world and why they are important to other people.

Things are slightly different at the moment, and whilst we will still celebrate events together in school, unfortunately we are not permitted to invite you into school to celebrate with us. We are looking forward to the day when we can once again join together as a school family.

General Reminders

- As we usually get a mix of different weather at this time of the year, please dress your child appropriately for school as we will be spending a lot of time outside. Wellies are needed for the wet weather, so please bring a pair into school.
- We would ask that you please label all of your child's clothing, including shoes and coats, as this can help us get them back to the right person.
- WOW! Sheets are available in the entrance. Please continue to share with us the moments your child has made you say WOW!
- Homework menus: These are now on our website under Quick Links at the top.

Maths

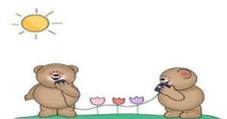

The children will be introduced to number names and encouraged to use them in their play. We will practise counting to 10 and recognising these numbers.

The children will be introduced to numicon and number blocks which they will use throughout school.

Communication, Language and Literacy

The children will learn to speak in small groups and listen to each other as we talk during snack time. We will begin to link thoughts together as well as retell simple events in the correct order. We will do this using the children's own experiences and stories.

We look forward to a very exciting term. As we are not allowed to meet with you at this point in time, please contact our school office if you have any concerns and I will contact you asap.

Mrs Howarth, Miss Goodwin and Miss Price
