Learning:

We value learning: where students demonstrate resilience and persistence as they collaboratively and creatively engage in their learning, inquire of the world around them, and set themselves high expectations.

Courage:

We value courage: where students become risk-takers in their learning, have hope for the future, and speak up for themselves and others.

Compassion:

We value compassion: where students see themselves and each other through the eyes of God, develop hearts for service that seek to support others and provide for those in need.

Relationships:

We value relationships: where every member of the Peace community values relationships, demonstrates forgiveness and respect, as they speak and act kindly towards one another.

Our Community

Lutheran schools in Queensland understand the important role parents play in the education of their children. Without a supportive home environment, the capacity of schools to maximise each child's learning is limited. When teachers, parents and the community work together to support each child, the child thrives.

There are many different ways that parents can assist their children to be successful in their learning journey within a Lutheran school.
