

Strength comes from
a single source, Titan

About Titan

Titan is a fully licensed Trust and Company Service Provider based in Mauritius.

Our staff are highly experienced, and appropriately qualified and certified. Our knowledge is broad and it is deep. But that doesn't mean we can rest on our laurels.

We put our 60-plus years of collective expertise to the test every day, finding the right solutions for specific requirements in tax planning, global wealth structuring, asset protection and cross-border investments.

We are lateral thinkers too, and it is the combination of sound judgment and nimbleness that sets us apart.

We act on behalf of our clients. We strive to remain objective no matter what. We have earned our reputation as trusted advisors because we work hard at making the best possible recommendations to fit with our clients' goals and circumstances.

Our values demonstrate
who we are and how we serve
our clients, at all times.

 Titanic Values

Responsiveness

We listen to our clients' needs and we strive always to respond with solutions that fit those needs, comprehensively and quickly.

Integrity

Our ethos is threefold - fairness, honesty, transparency.

Excellence

We commit to delivering, and sustaining, an outstanding level of service in everything we do for our clients, as well as in our interactions with our associates.

Confidentiality

Quite simply, all dealings with our clients are confidential.

About Titan's Services

Titan's company formation and management services provide solutions tailored to clients' requirements. Each client brief is driven by a distinct set of needs and priorities for their portfolio (investment opportunities, asset protection, tax planning, cost reduction, and so on). Titan works in a consultative manner, clarifying the requirement at the outset, providing the best, most appropriate advice, then implementing and facilitating in line with that brief.

Our client relationships are of paramount importance; every interaction is an opportunity to develop understanding. Clients are secure in the knowledge that Titan's recommendations are based on a depth of experience and on broad, up-to-date and sophisticated knowledge, that client confidentiality is absolute and that targets are not just to be hit but even to be exceeded.

Every interaction
is an opportunity
to develop understanding.

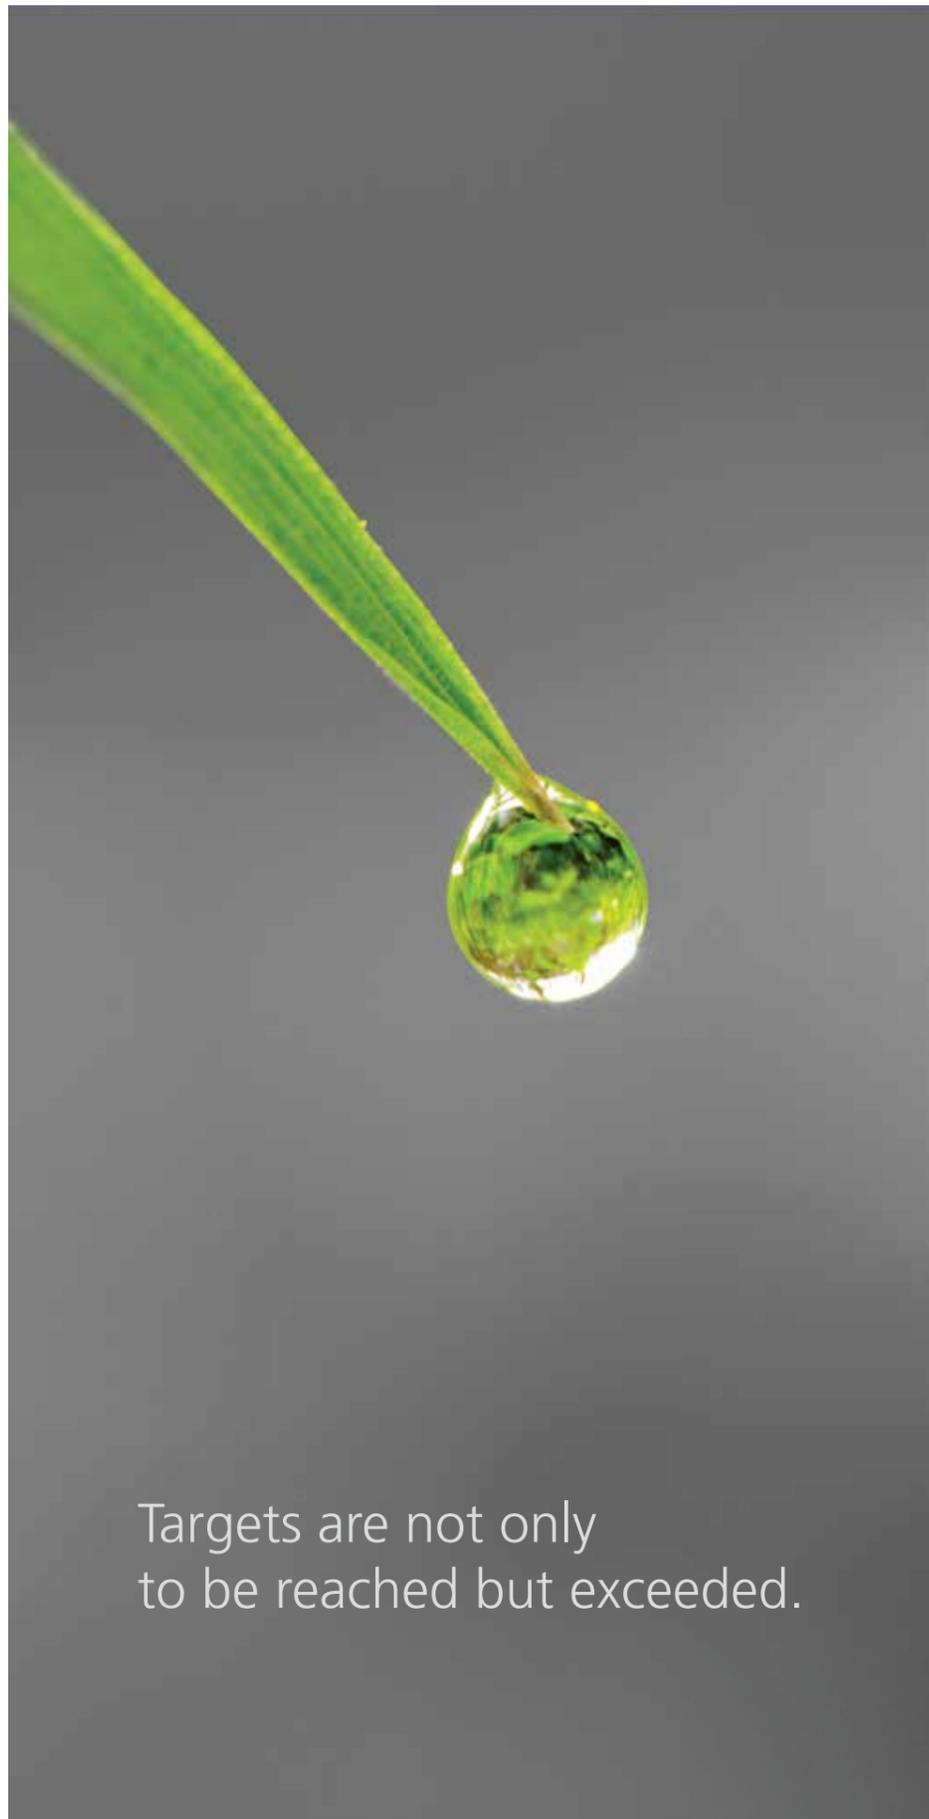

Titan is ideally positioned to deliver solid, well-structured solutions to its clients because Mauritius is a politically and financially stable democracy, and one that has welcomed overseas investors and businesses for many years.

The financial, communications and professional infrastructure is designed to meet the demands of international business and tax practitioners, surpassing the capabilities of other jurisdictions.

Our clients are located across the globe, but Titan does not see geographic location as a barrier to close communication, effective listening and relationship building.

We are rightly proud of our reputation for client retention.

Targets are not only
to be reached but exceeded.

Services Provided

- Incorporation of Mauritius GBC II companies – companies holding a Category 2 Global Business Licence. Such companies are flexible, cost-effective, tax-exempt, offshore business entities; they cannot access Mauritius' tax treaty network.
- Incorporation of Mauritius GBC I companies - those holding a Category 1 Global Business Licence. Such companies are tax resident (effective tax rate 3%); correctly structured and managed, they may access Mauritius' tax treaty network. Neither capital gains nor withholding taxes are levied.
- Incorporation of companies in other jurisdictions, such as the Seychelles, British Virgin Islands, Nevis, Dubai, etc.
- Registered office address in Mauritius.
- Company Secretary services to administer your company.
- Professional Director services can be offered locally.
- Accounting services can be provided at competitive rates.
- Offshore banking – provided via Mauritius's highly developed and well regulated offshore banking and financial sector. Offshore banking units are experienced in serving the demands of international business.
- Set up and management of Mauritius Trusts to hold assets.
- Establishing Private Foundations.
- Advising on and setting up of Protected Cell Companies.
- Vessel registration.
- And more...

About Mauritius

The Republic of Mauritius is situated in the Indian Ocean about 1,200 km off the African coast, to the east of the island of Madagascar.

Population

The population of the island is approximately 1,200,000, made up principally of people of European, African, Indian and Chinese origin. Mauritius takes pride in the fact that these disparate cultures co-exist in peace and succeed in creating a cultural entity that is distinctly Mauritian.

Political Structure

The British ruled Mauritius for 158 years until 12 March 1968 when it became an independent country within the Commonwealth. This island nation has a Westminster-style democracy. The President is the Head of State and Commander in Chief. Full executive power rests with the Prime Minister who is Head of Government. The Members of Parliament are elected every five years by popular vote and a number of political parties contest the elections, reflecting the country's firm commitment to a multi-party political system.

Since independence Mauritius has developed from a low-income, agriculture-based British colony to a middle-income, diversified economy with burgeoning financial, industry and tourism sectors. For most of this period annual growth has been in the order of 5-6%. The government's development strategy centers on foreign investment. To date Mauritius has attracted more than 20,000 offshore entities, many intent on commerce with India and South Africa.

Language

The Mauritian population is largely bilingual or trilingual. English is taught at school and is the official language of the Assembly, but French is more popular. Mauritian Creole is spoken and understood by almost all. Asian languages are also spoken.

Currency

The Mauritian Rupee.

Exchange Controls

None.

Type of Law

Common Law for corporate matters.
