SEVERITY	
5	Fatality – Very High Risk
4	Severe incapacity – High Risk
3	Absent 3 weeks – Medium Risk
2	Absent less than 1 day – Low Risk
1	Insignificant – Low Risk

1–4 LOW	5–9 MEDIUM	10–15 HIGH	16–25 VERY HIGH
Continue with existing control, however monitor for changes. Implement any additional control measures required, within the timescales given in the risk assessment.	Requires attention to reduce the rating as well as regular ongoing monitoring. Implement any additional control measures required, within the timescales given in the risk assessment.	Requires immediate attention to bring the risk down to an acceptable level. Implement the control measures required, within the timescales given in the risk assessment and continue to review working practices to reduce the probability of an accident to the lowest possible level.	Stop immediately – the risk is too high. Take immediate action to reduce the risk to the lowest level possible.

IMPORTANT NOTES:

1. This risk assessment needs to be discussed with parents before they attend training to ensure compliance with all control measures through their understanding
2. Parents are to sign an acknowledgement sheet for their understanding of this risk assessment. This will be used as “parental consent” (if a parent does not agree or refuses to sign then they will not be permitted to train)
3. The risk assessment is to be reviewed as soon as Government guidance changes
4. If a parent sees any area of the Risk Assessment or actual training that needs to be improved, then all ideas will be discussed and added if deemed appropriate.
