

Reminder:

We have these coins in the UK. Label each of the coins and then try to make the total amounts on the next page.

If you don't have a printer, you could draw these coins into your book and label them or if you have some real coins you could do a rubbing.

## Making amounts using multiple coins

Look at the amounts below. Can you draw the coins for each one? You must always use 3 or more coins.

50p							
14p							
25p							
43p							
37p							
20p							
19p
