

Religious Education

KS2

Task 1

Write a newspaper article that outlines the events of Easter. You could choose to write about one of the significant events in the Easter story, such as the crucifixion, or you could challenge yourself by attempting to include information about all of the significant events from Palm Sunday to Easter Sunday.

When writing your newspaper article, remember to use correct punctuation and to include as much detail as possible. Think of a creative title that will catch your reader's attention.

You could also choose to include a small picture to go with your report.

Below is a structure that you may like to use but you can set out your report how you like.
