

Beaches

In the story “when a dragon moves in”, which you looked at for literacy this week, the boy and the dragon are at the beach.

How well do you know the beaches in the UK?

Use a map or an atlas to help you find these beaches and see if you can write one fact about each.

Beaches:

Blackpool	Bournemouth
Brighton	Ilfracombe
Whitby	Southport
Morecambe	Skegness
St bees	Cleethorpes
Newquay	Seahouses
Oban	Castlerock
Scarborough	Rhyll
Portstewart	Tenby
Bude	Balnakeil

Which one is the furthest North?

Which one is the furthest south?

Can you find one in England?

Can you find one in Ireland?

Can you find one in Scotland?

Can you find one in Wales?

Extra: If you have a printer you could print the map of the UK and label it with some or all the beaches.
