

## Plants

We are starting our new topic all about plants.

Click on this link to find out the different types of plants and seeds.

Try playing the quiz at the end, how did you do?

After that use the things in your house to make a plant picture. Remember to include the **roots**, **stem**, and **leaves**. If you would like you could include a **flower** or **fruit** as well. Label each part of the plant when you are finished.

You can use junk modelling, or you could draw a picture. Examples of both below, but you can use your imagination to create your own picture!
