

PSHE – Special people

I am finding it really difficult to be away from my friends and family right now. I would love to be in school and see all your lovely faces or go to the park with my friends or go to my sister's house and give my nephews a hug. I bet you are finding it really hard too, so in PSHE this week we will be thinking about our friends and family and the different ways that we can show we care for each other.

Suri has been thinking about her family, here is here description of her gran.

Suri and Gran

Suri is thinking about her special people. She is writing about Gran.

Suri thinks Gran is a really special person. Gran always wears big earrings and she loves red lipstick. Gran says it makes her feel bright and happy.

When Suri is at school, Gran picks her up. Last summer they went to the park all the time. Suri loved the roundabout when Gran swung her round so fast! Suri also liked it when Gran used to come over to babysit, because Gran always told the funniest bedtime stories.

Can you write about some of the special people in your life?

You could make a list of things that you like doing with that person, or what makes that person special. You could think of some of the ways you have kept in contact with your special people while in lockdown. I have been playing games with my nephews, chatting with my friends and family, making up quizzes and sending emails. What have you been doing?

For this activity, the most important thing is the thinking. This means you can write down as much or as little as you would like. You can draw a picture if you would like. You could talk to someone in your house, or one of your special people that is not with you right now, via the internet. If you would like to do some writing, here is a grid you could use, but you do not have to.

My special
people
