Answers to Your SEND Questions

1. Who are the best people to talk to at St Gabriel's CE Primary School about my child's difficulties with learning, special educational needs or disabilities?

- Talk to your child's class teacher about your concerns
- Talk to the school Special Educational Needs and Disabilities Coordinator (SENDco): Hannah Gilbert 020 7186 0080
- If you continue to have concerns, arrange to discuss these with the Assistant Heads or Head teacher

2. How will the school let me know if they have any concerns about my child's learning, special educational need or disabilities?

- Your child's class teacher may speak to you at the beginning or the end of a normal school day and arrange a further time to discuss any concerns
- The class teacher may talk to you about any issues at a parent/teacher consultation meeting
- The SENDco may contact you and arrange a meeting to discuss your child's difficulties with learning and any possible support strategies the school might be considering

3. How will the school consider my views and those of my child with regard to their difficulties with learning, special educational need or disabilities?

- You will be able to share your views and discuss your child's progress at regular meetings with the class teacher and other professionals working with your child
- If your child has an identified special educational need you will be invited to a termly meeting with the class teacher and SENDco to discuss current progress, support strategies being used and expected outcomes
- If your child has an *Education, Health and Care Plan* (EHCP) you and your child will also be able to share your views and contribute at their Annual Review

4. How does St Gabriel's CE Primary School ensure the teaching staff are appropriately trained to support my child's special educational needs or disabilities?

- At St Gabriel's CE Primary School we believe that your child's learning needs will first be met through the high quality teaching delivered by their class teacher
- We regularly review the school training schedule and professional development for all teaching and support staff to ensure there is the appropriate expertise to support children with special educational needs
- The school is able to access training programmes from different organisations including the Bi-borough Training and Outreach Team which is widely available to all teaching staff
- We work closely with Speech and Language Therapy who provide both individual, specialised training for adults working directly with children on specific speech and language outcomes as well as providing regular termly universal training for all staff to participate in.
- SENDco and Assistant Heads work closely with Teaching Assistants and Learning Support Assistants to support and provide opportunities for further CPD

5. How will the school adapt the curriculum and the school environment to meet my child's needs?

- At St Gabriel's CE Primary School, our aim is for all pupils to be included in all areas of the curriculum, the school grounds and school activities. Through our inclusive approach, we believe that your child's learning needs will first be met through **High quality teaching** delivered by their class teacher.
- We adapt and differentiate lesson planning and teaching to match your child's special educational needs or disabilities
- It may be appropriate to use different strategies, methods or resources and adapt outcomes to meet your child's learning needs
- Additional specialist advice is sought when appropriate. When necessary, accessibility aids and technology may be used to support your child's learning
- St Gabriel's CE Primary School regularly reviews its **Accessibility Plan** to ensure that all children can access the curriculum and the school site as much as possible. (The Accessibility Plan has been drawn up based upon information supplied by the Local Authority, the LDBS and in conjunction with pupils, parents, staff and governors of the school and will advise other school planning documents)
- School has a ramp leading into the main site and can school can open the playground gates wider to accommodate wheelchairs. The main site is able to be accessed by wheelchairs with doors that can extend further and ramps to some classrooms as well as a disabled toilet if required.
- All learners should have the same opportunities and access to extra-curricular activities. We provide a before school fitness club and a range of after school clubs such as dance,

Lego, homework support, choir which are run either by school based staff or outside agencies or charities.

- Risk assessments are undertaken before extra-curricular activities such as trips and school work closely to families to ensure trips are inclusive to all children
- During the current pandemic, school have secured funding to be able to ensure home learning can take place by supporting families through loaning tablets on an 8-week basis, as well as providing a range of home learning.
- We recognise that unstructured times on the day such as play-times can be difficult for some children and have ensure there are designated quiet and friendship areas where children can join in colouring activities, writing prayers or talking with peers.
- School have recently opened a sensory and wellbeing space to allow small group and individual activities to take place, focusing specifically on children's wellbeing and sensory needs. This resource is accessible to all children across school as appropriate.

6. What types of support may be suitable and available for my child?

Our education provision will match the needs of the four broad areas of need as defined in the SEN Code of Practice 2014:

Communication and interaction

Cognition and Learning

Social, emotional and mental health

Sensory and/or physical needs

The SEN Code of Practice (2015) states:

Paragraph 6.27

*'These **four broad areas** give an overview of the range of needs that should be planned for. The purpose of identification is to work out what action the school needs to take, not to fit a pupil into a category. In practice, individual children or young people often have needs that cut across all these areas and their needs may change over time... A detailed assessment of need should ensure that the full range of an individual's needs is identified, not simply the primary need. The support provided to an individual should always be based on a full understanding of their particular strengths and needs and seek to address them all using well-evidenced interventions targeted at their areas of difficulty and where necessary specialist equipment or software.'*

At St Gabriel's CE Primary School, all support offered to our children and particularly our SEND children is reviewed regularly and follows a four-part cycle known as the **graduated approach**:

'Assess, Plan, Do, Review':

Assess: Teaching and learning is continually assessed to ensure all children's needs are being met and adjusted accordingly. Time is spent identifying gaps in learning and any barriers to learning. When a special educational need has been identified this process is adjusted to meet the needs of the child more closely. This may include specialist support over time.

Plan: High quality teaching is the first response to children who have or may have SEND needs.

Children will receive **High quality teaching** from their class teacher which includes a broad range of teaching strategies, deep subject knowledge and a good understanding of your child's needs. All teaching and learning is differentiated at the appropriate level, which allows children to make progress from their starting points. Teachers will work alongside the SENDco and/or specialist member of teaching staff as directed by the SENDco to provide **targeted provision where appropriate**. This may include individual or small group intervention that happen in addition to high quality teaching. The most effective and appropriate intervention is identified in consultation with parents and child so they are actively involved throughout the process.

Do: Teachers work closely with teaching assistants and other specialist staff to carry out high quality teaching and where appropriate, provide targeted provision for a specified amount of time.

Review: The impact on your child's progress towards individual learning outcomes is informally and formally monitored and assessed. There is a growing understanding of what approaches work best for individual children as they progress through this four stage cycle and as it is repeated. School and parents liaise to discuss outcomes and decide next steps. It may be necessary to seek specialist advice which may lead to regular support from a specialist professional outside the school in order to plan for the best possible learning outcomes for your child and gain further information. Using these services usually requires a referral process.

How do we involve other bodies, including health and social care bodies, local authority (LA) support services and voluntary sector organisations, in meeting pupils' SEN and supporting their families?

School work closely with a broad range of outside agencies at different stages of the assess, plan, do, review cycle to ensure that we our meeting your child's SEN and supporting families. We may involve other bodies in order to gain further knowledge and understanding about your child's individual needs in order to better meet their needs. This might also inform a subsequent intervention that school based staff carry out with guidance. Sometimes, outside agencies are able to work directly with children, for example, a Speech and Language Therapist may be able to provide specialised support to an individual and this might be carried out as a short intervention at school over a set amount of time. We work closely with educational psychology who support school and young people with whole school training support and also individual needs, which includes working closely with families. Similarly, we are able to request support from the Bi-Borough Autism Outreach Team who visit school to work with individuals. The Anna Freud Centre and MIND work directly with school to support mental health and wellbeing. They work with us onsite on a regular basis which is outline further in question 12.

Many of these services are secured through a referral process that the school facilitates in close consultation with the family. Speech and Language Therapy referrals are currently secured firstly through a request through the family GP by the parent or carer.

Educational psychology (EP)

Speech and language therapy (SaLT)

Occupational therapy (OT)

Bi-Borough Autism Outreach Team (ASD team)

Child development services (CDS)

Children and Adolescent Mental Health (CAHMs)

The Anna Freud Centre

Early Help

Drama and Art Therapy

The school may need to prioritise referrals to these services.

Further details about the range of provision can be viewed in our provision map below.

For a very small number of pupils, access to these specialists may be through an EHCP (*Education, Health and Care Plan*) which is explained on the next page.

7. How will you support my child to reach their learning goals?

- Your child receives appropriate high quality teaching and support, identified by the class teacher and other staff working with your child, to reach these goals. The learning plan, strategies and progress are reviewed termly
- Part of the support for your children may include taking part in interventions which would be run by either the class teacher, another teacher, a trained teaching assistant or in some cases an outside professional. Interventions are run for a set amount of time and reviewed carefully to reflect upon where the intervention is having a positive impact.
- Children with SEND will all receive an individual **Support Plan** which outlines their individual needs and is reviewed termly alongside parents and carers. The Support Plan allows all adults working with the child to easily see which strategies help your child to achieve and learn best.
- External agencies and specialists may also review your child's progress and adapt their planning accordingly

8. What is an EHC Plan and who can request one for my child?

If your child presents with more complex needs and needs a high level of specialist support in school to be able to meet their needs, then a request for an Educational Health and Care Plan can be requested. The assess, plan, do, review process is fundamental in supporting school and parents to gather a wider range of knowledge and understanding about how best to support your child's individual needs.

An Education, Health and Care Plan identifies need and provides support to children (from birth to 25yrs old) who have special educational needs or disabilities. It aims to improve outcomes for your child in their learning, co-ordinate what is provided by education, health and social care, and prepare your child for adulthood.

An EHC Plan will contain:

- views and aspirations of you and your child
- a full description of their special educational needs and any health and social care needs
- established outcomes for your child's progress
- additional input required to meet those outcomes as appropriate; including how all professionals can work together to meet your child's needs

You, your child (where appropriate) and/or the school (usually the SENDco, or Head teacher) can request that the local authority conduct an assessment of your child's needs. This may lead to an EHC Plan.

Further information on the EHC process can be found on the Local Offer website:

<https://fisd.westminster.gov.uk/kb5/westminster/fis/localoffer.page?localofferchannel=3>

9. How will you help me to support my child's learning?

- Suggested strategies or activities for you to try at home to support your child's learning
- Parent/carer workshops in school to help you understand the strategies used in school
- Additionally, we may be able to offer you individual training in specific support strategies relevant to your child
- The SENDco may also support you with strategies, resources and ideas for supporting your child's learning at home
- You may have an opportunity to speak to other professionals involved in supporting your child such as Speech and Language Therapy helplines.

10. How is support allocated to children and how do they move between the different levels of support in school?

- St Gabriel's CE Primary School receives funding from the Education Funding Agency and/or the local authority. These funds include money to support the learning of children with SEND
- The Headteacher, in consultation with the School Governing Body, decides the budget for SEND provision on the basis of the needs of the children in the school
- The Headteacher, Assistant Heads and SENDco discuss the effectiveness of the school's current interventions and provisions and prioritise an action plan, which may include extra interventions, staff training and equipment needs
- This process is reviewed regularly to ensure the best possible intervention is provided to those children who require additional learning support

11. How will the school know that the support has made a difference to my child's learning and how will my child and I be included in this review process?

- Your child's progress will be reflected upon regularly by their class teacher, through daily lessons and formal termly assessments.
- The impact of the support given is carefully measured to ensure that the learning outcomes have been achieved and if not, what changes are necessary. It may be decided that a further period of support would be beneficial for your child or an alternative intervention or range of strategies may be more appropriate.

- You and your child will be kept informed and encouraged to be actively involved at all stages of this support as we believe that working together and maintaining a child centred approach is key to ensuring your child's needs are fully met.

12. What support will there be for my child's happiness and wellbeing at St Gabriel's CE Primary School?

- At St Gabriel's CE Primary School, we believe that the happiness and wellbeing of all our pupils is paramount. All members of staff take this aspect of school life very seriously
- All staff are concerned with the happiness and wellbeing of your child
- We have employed a pastoral TA to be able to offer a pastoral role to our children and work closely with families and wider community
- We are currently working alongside the charity MIND to focus on whole school mental health and wellbeing as well as individual support for children and their families.
- We also work closely with a family therapist from the Anna Freud Centre who visits our school regularly and is able to work with families and offer further support
- We have recently opened a small sensory and wellbeing room which is accessible to all of our children as appropriate
- Please contact your child's class teacher if you have any concerns or alternatively you can contact the school's SENDco or Assistant Heads or Head Teacher.
- Alternatively, you may want to look at the local offer emotional wellbeing section: <https://fisd.westminster.gov.uk/kb5/westminster/fis/advice.page?id=hxdDfwbzcMs>

13. How is my child included in all the same activities as their peers at school?

- St Gabriel's CE Primary School is an inclusive school and committed to providing equal opportunities for all children
- School clubs, educational visits and residential trips are available to all children
- When necessary the school will make reasonable adjustments to ensure that children with SEND are included in all activities
- Please contact your child's class teacher if you have any concerns

14. How will St Gabriel's CE Primary School support my child in transition stages?

- When transferring from nursery or from another primary school, we contact their teacher to identify how best to support your child in school
- When your child moves from one-year level to the next, staff are made aware of individual pupil's needs, learning progress and best support strategies
- Children are encouraged to prepare for secondary school from the start of Year 6
- If your child has an *EHC Plan*, we will participate and/or facilitate its review before your child moves between key phases of education. You will be kept informed of these arrangements and asked to attend the reviews
- In addition to this, if your child has SEND or an EHC, meetings with Secondary SENDco's and school based staff such as Primary SENDco and class teachers can be set up to support the transition process to ensure it is as smooth as possible

15. Who can I contact if I have a complaint about the SEND provision made for my child?

- Initially speak with your child's teacher and/or the SENDco. Hopefully they will be able to address your concerns
- You can then contact the Headteacher, who may direct you to the school's Complaints Policy and procedure which can be found on the school's website

16. If I have any other questions about my child at St Gabriel's CE Primary School, who can I ask?

At St Gabriel's CE Primary School we are very happy to speak to you about any aspects of your child's education. It is best to speak to one of the following in this order:

- The class teacher
- The SENDco
- The Assistant Heads and/or Headteacher

17. What extra pastoral support do we offer & what pastoral support arrangements are in place to listen to pupils with SEND?

We have a Pastoral Teaching Assistant who is able to work across our school and provide support for all children including children with SEND. This includes small group targeted interventions such as Lego therapy and also individual mentoring support for children.

We also have a new sensory and wellbeing room for children to use to explore sensory activities, social communication skills and nurture groups.

18. Where can I go if I require further support and advice?**The Local Offer**

The intention of the Local Offer is to improve choice and transparency for families. It is an important resource for families in understanding the range of services and provision in the local area.

Guide to School Provision Map

The school assesses pupil's strengths and difficulties regularly informally and formally which informs subsequent planning. Parents and child involved in review process.

Teachers and SENDco discuss individual pupil learning needs. Teachers ensure high quality teaching is the first response to meeting the needs of all children including those with SEND. Further targeted provision is discussed in consultation with parents and child.

Teacher/TA monitor pupil progress and adapt support if necessary with support from SENDco and other professionals as appropriate.

Teachers, teaching assistants and in some cases specialist teaching staff and/or professionals deliver support over a set amount of time.
