Project & Program Consultant:

- A highly knowledgeable and experienced **Chartered Engineer and Fellow of the IET and IEI**, specialising in: **Project & Programme Management** in numerous sectors including: **Telecom, Construction, Financial and Professional Services, Oil & Gas, IT, Healthcare and Pharmaceuticals, Food & Drink, Manufacturing and Vehicles, Higher Education**. Brings a depth of expertise and thought leadership as a trainer and coach, keynote speaker and author.
- Obtained extensive global experience in over 40 countries (including Germany, Italy, Spain, France, UAE, Canada, India, Japan, The Philippines, China, Algeria, Ghana, Thailand etc.) across several technological sectors: Project engagements as Project and / or Programme Manager, PMO, Consultant and Advisor for blue-chip multi-nationals across geographies and sectors, including: LafargeHolcim, DSM, Maersk, General Electric, Abbott Laboratories, Bausch & Lomb, CERN, HP Enterprise, Sun Microsystems, Ericsson, SwissRe, Zurich Financial Services and the European Commission.
- University Visiting Team Leader in EMEA, North America, Middle East and Asia for the Project Management Institute's Global Accreditation Center. Previously held Global and EMEA roles with PMI's Educational Foundation's Engagement and Board Support Committees. Author of "*Overview of the PMBoK Guide*". Represents the Biomedical Engineering Division of Engineers of Ireland.
- Following a PhD in Biomedical Engineering, as Head of the School of Engineering at Waterford IT, introduced the first engineering degree courses, built a faculty of over 60 academics and also the External Examiner in Electronic Engineering across Ireland. Early adopter of EU support for international educational programme design (with IRL, B and LUX). On re-entering industry, focused on R&D for leading engineering providers, supporting products in several European markets.
- Skilled at interfacing with staff at all levels and to helping them to resolve their own issues. Design, development and delivery of numerous professional Training and Education programmes, from half-day briefings to 4 year degrees.
