

1st Barton Beavers

Summer 2019

Welcome to the summer term.

Please read the programme below carefully. We aim to take advantage of the light summer evenings and get out and about as much as possible so many meetings won't be at the hall.

Some of our activities may be weather dependent so please make sure I have up to date mobile numbers and check for text messages.

If I don't have an up to date number, or if you don't check for messages you won't get the information.

Please take a moment to let me know if your Beaver can't make a meeting so that we are not waiting around to get started and please, please, please make sure all items of clothing are named.
