Legal and administrative information

Status

The Company was incorporated as a charitable Company limited by guarantee on 26 February 2009. It was registered as a charity on 18 March 2009.

The Company was established under a Memorandum of Association and is governed under its Articles of Association. Under Article 24, one third of the Trustees shall retire by rotation at each AGM after the first one.

Trustees

The Trustees of the charity, who were also directors of the company, during the year were as follows:

Mrs Sally Varah MBE DL, Chairman

Mr David Davis DL

Mr Richard Wheeler

Mr Roger Hawksworth

Mrs Frances Wadsworth (resigned 31 May 2018)

Mr Bob Pickles (appointed 20 November 2017)

Mr Ron Enticott FCA, Hon Treasurer & Company Secretary
(appointed 20 November 2017)

Mr John Chaplin (appointed 8 February 2018)

Mr Stephen Drury (appointed 24 February 2018)

Mr Michael Taylor, Hon Treasurer & Company Secretary (died 29 September 2017)

Registered Office

Rotherwood, Felday Glade, Holmbury St Mary, Surrey, RH5 6PG.

Bankers

CAF Bank Ltd, West Malling, Kent

Management

Overall management rests with the Trustees, who are also Directors of the Company. Day-to-day management is delegated to the Chief Executive, Mr Henry Curwen. Two representatives from Surrey County Council and another volunteer skilled in social media attend Trustee meetings and advise the Trustees generally, together with the former CEO of Surrey County Council who advises on strategy.

Report of the Trustees for the year ended 31 March 2018

The Trustees present their report and the financial statements for the year ended 31 March 2018.

Activities

The company is a charity and exists to advance in life and help vulnerable, under-achieving young people up to the age of 25 and resident in Surrey and neighbouring counties by means of (a) an alternative learning facility and (b) a recreational and leisure-time diversionary activity. Using basic motor mechanics and practical engineering, it runs customised programmes that re-engage them and assist them to acquire accredited learning outcomes and social skills that will help to enable them to achieve their full potential in life and participate in society as mature and responsible individuals. There is a rigorous Safeguarding Policy in place and all staff, volunteers and trustees are DBS (enhanced) checked with Child Protection and Prevent training.

The charity works to benefit different categories of young people:

- **Daytime sessions** – these are run by qualified engineers and experienced mechanics in the purpose-built GASP workshop, and are attended by young people from across Surrey who may be disadvantaged, marginalised and under-achieving. They include students who respond best to vocational learning outside of the classroom; those who are vulnerable and have special educational needs; those at risk of exclusion from school; or those who are the subject of juvenile court orders and enrolled in an alternative learning programme. The GASP workshop provides them with a facility where they can be introduced to the basics of motor mechanics in a supervised, safe environment, working with suitable role models as session leaders. In most cases, the students gain AQA accreditations.
- **Mobile sessions** – delivered either during the day-time (with a programme that mirrors that of the Daytime sessions) – or as After School diversionary sessions, often in areas of multi-deprivation, our Mobile unit enables the training provided by this charity to be delivered in locations other than the GASP workshop.
- **Industry-Linked programme** – developed with schools and businesses, the Industry-Linked programme gives students the opportunity to acquire the skills that will help their progression into employment – and to experience the world of work firsthand, through GASP.
- **Evening sessions** – these are provided for young people as a diversionary out of school activity, where they have the opportunity to learn the basics of motor mechanics, gain a meaningful accreditation which will add value to their CVs, learn of the responsibility that goes with vehicle ownership, and learn the benefits of teamwork. The sessions are generally aimed at those in

mainstream education, who go on to study engineering at college or university, or gain training apprenticeships and work placements because of what they learn at GASP.

- In this financial year, 244 young people, a rise of 6%, benefitted from over 454 sessions. This increase in the level of activity also meant our costs rose, particularly employment costs. The Trustees wish to record their thanks to the Chief Executive, Henry Curwen; the Workshop Manager, Barrie Birchmore, and daytime sessional staff and administration team; and to the dedicated team of evening volunteers. All are commended for their hard work and commitment.

Public Benefit Statement

The primary purpose of the GASP Motor Project is to provide an alternative practical learning facility that helps predominantly 13 to 19 year olds – some of whom may be disaffected, disadvantaged or under-achieving – to achieve and contribute more than anyone thought possible through positive personal development. It teaches them basic motor mechanics and practical engineering skills with a holistic approach, empowering them to take positive action and helping prepare vulnerable young people for the world of work. It is a local initiative that reaches out to young people countywide. By helping to tackle anti-social and offending behaviour, it contributes considerable public benefit to local communities across Surrey, in accordance with the Charity Commission Guidelines on the provision of public benefit.

Fundraising responsibilities

In this year under review, the GASP Motor Project has continued to set out and review its Fundraising Plan and practice in line with the charity's values, and taking into account the income from service users, grant givers, the changing income landscape and the financial risks we may face as a result. Although only a small charity, this Plan also takes into account the new fundraising rules under the Charities Act 2016 and the Code of Fundraising Practice. The Plan is discussed at quarterly Board Meetings in order that Trustees may monitor progress and manage the key risks.

All fundraising applications were prepared internally and submitted by either the CEO and/or Chair of the charity. At every stage, the costs of our fundraising are managed and explained, and effective financial controls are in place and followed.

Reserves

The Trustees wish to build up unrestricted reserves to a level to cope with any financial contingency. They have a target of six months' operating expenditure. As at 31 March 2018 reserves were lower than this target.

Financial Results

The attached accounts show that the company recorded a deficit of £2,101 (2017 surplus £5,811).

Donations and grants received in the year amounted to £134,348 (2017 £78,580). Full details are shown in the notes to the Accounts. The Trustees wish to record their thanks to all donors for their support. The Company will continue actively to seek grant funding to support its charitable work. The activities of the company continue to grow; this has resulted in more sessions being provided to more young people, with a resulting increase in operating costs. Session fee income will rise accordingly, but there is – and will always be – a significant shortfall as that income will only cover about 35% of operating costs. The Company will always need to raise funds by way of charitable grants and donations.

None of the Trustees received any remuneration from the Company, nor made claims for expenses.

Investment policy

The Trustees now invest any surplus cash in an instant access deposit account at the Bank. Interest income for the year was £32.

Risk review

The Trustees have conducted their own review of the major risks to which the charity is exposed and systems have been established to mitigate those risks. Internal risks have been minimised by the implementation of a rigorous Child Protection and Safeguarding Policy, and by procedures for the authorisation of all transactions and projects and to ensure consistent quality of delivery for all operational aspects of the charitable company. These procedures, and a number of other relevant policies, are reviewed periodically to ensure that they still meet the needs of the charity.

The Trustees maintain and review health and safety procedures at the workshop. Regular risk assessments are conducted for both workshop and mobile operations.

Basis of preparation

This report and the accounts have been prepared under the small companies regime. The members have not required the accounts to be audited.

Approved by the Board of Trustees on 26 November 2018 and signed on its behalf

by

A handwritten signature in black ink, appearing to read 'Sally Varah'. The signature is written in a cursive style with a large initial 'S'.

Sally Varah, Chair of Trustees.

Independent Examiner's Report

Report to the Trustees/members of the GASP Motor Project on the financial statements for the year ending 31 March 2018.

Respective responsibilities of trustees and examiner

The Charity's trustees consider that an audit is not required for this year (under section 144) of the Charities Act 2011 (the Charities Act) and that an independent examination is needed. It is my responsibility to:

- Examine the accounts under section 145 of the Charities Act,
- To follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act, and
- To state whether particular matters have come to my attention.

Basis of independent examiner's statement

My examination was carried out in accordance with general directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention

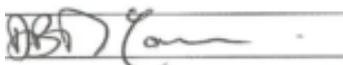

1) which gives me reasonable cause to believe that in, any material respect, the requirements:

- to keep accounting records in accordance with section 130 of the Charities Act; and
- to prepare accounts which accord with the accounting records and comply with the accounting requirements of the Charities Act have not been met; or

2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Signed:

Date: 22 November 2018

Name: Desmond McCann FCA.

For the year ending 31 March 2018, the Company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts;
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime and the Statement of Recommended Practice for registered charities.

Approved by the Directors on 26 November 2018 and signed on their behalf by

Sally Varah – Chair of Trustees

GASP MOTOR PROJECT

Notes forming part of the financial statements

for the year ended 31st March 2018

1. Accounting policies

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2015) and the Companies Act 2006 and follow the recommendations in the appropriate Accounting and Reporting by Charities: Statement of Recommended Practice for accounting periods beginning after 1 January 2015. .

Voluntary income is received by way of donations and gifts and is included in full in the Statement of Financial Activities when receivable. The value of services provided by volunteers has not been included.

Grants, including grants for the purchase of fixed assets, are recognised in full in the Statement of Financial Activities in the year in which they are receivable.

Resources expended are recognised in the period in which they are incurred. Resources expended include attributable VAT, which cannot be recovered.

Depreciation is provided at rates calculated to write off the cost of each asset over its expected useful life. Workshop equipment and motor vehicles are depreciated over a five year period.

Unrestricted funds are donations and other incoming resources receivable or generated for the objects of the charity without further specified purpose, or with a specified purpose but not repayable if not used in full and are therefore available as general funds.

Restricted funds are to be used for specific purposes as laid down by the donor or grant provider and are repayable if not so used. Expenditure which meets these criteria is charged to the respective fund.

GASP MOTOR PROJECT

Notes to the financial statements for the year ended 31 March 2018

2. Grants and donations

The Company received grants and donations from a number of charities and other organisations to support its work. The Trustees are very grateful to the following for their support.

A donation in memory of Andy Stallman

Bloss Family Foundation

Chaplin family

HH Judge Christopher Critchlow DL

Daimler & Lanchester Owners Club

David and Ishbel McNulty
