

ARDEN ENGRAVING

Arden Engraving Limited

Environmental Policy Statement

Arden Dies is an environmentally responsible organisation and as such we acknowledge the potential impact that our die-making and CNC engraving operations may have on the environment.

This policy has been endorsed by senior management who fully support its implementation. Senior management, in co-ordination with the System and Standards Manager, are responsible for ensuring that it is communicated, understood, implemented and maintained at all levels within the organisation.

We are committed to ensuring that the human and natural environment with which we interact as a company is protected both today and into the future as we continue to use resources in managing our business. We will achieve this through the efficient use of these resources, preventing pollution, minimising waste and the promotion of recycling.

As an organisation, we are committed to ensuring that we:

- Comply with all applicable environmental legislation and implement changes to environmental legislation in a timely and economically efficient manner.
- Provide all employees with the necessary resources, equipment, information, instruction and training to fulfil the requirements of this policy, commensurate with their role.
- Work towards implementing an environmental management system (EMS) in accordance with the requirements of BS EN ISO 14001: 2004, as defined within the scope of our EMS.
- Prevent pollution to the environment and strive to integrate environmental best practice into our business operations.

- Minimise waste to landfill by reducing waste generation and by segregating and recycling waste where economically and operationally feasible.

- Co-ordinate business mileage so as to reduce fuel consumption.

- Use energy, water, materials and other natural resources as efficiently as possible, giving particular regard to the long-term sustainability of consumable items.

- Identify, quantify and reduce our carbon footprint.

- Consider the environment in the procurement of goods and services.

- Consider the environment in the goods and services we provide to customers.

- Work with local businesses, neighbours, partners and suppliers to encourage commitment and improvement in our local environment.

This policy will be communicated to all employees and organisations working for or on our behalf. Employees and other organisations are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others, or the environment.

This policy will be reviewed bi-annually by senior management and, where deemed necessary, will be amended and re-issued.

This policy statement is displayed on site. It is publicly available upon reasonable request by any interested party.
