Linton & Co coffee opens Edinburgh cafe on rooftop

BUSINESS BRIEFING

Speciality coffee firm opens first Scottish cafe

Linton & Co, an independent speciality coffee and luxury brownie company since 2015, is opening a flagship café on the rooftop of Moorgarth's Waverley Mall in Edinburgh.

The firm was founded in 2015 as an event specialty coffee company, touring the country in a vintage Citroen H Van.

It has served coffee at some of Scotland's most prestigious and large-scale events including The European Championships, **Edinburgh Fringe** Festival, The Royal Highland Show, The Scottish Golf Open and Solheim Cup.

Since then, Linton & Co. has grown with an online shop.

It will be serving coffee from Clifton Coffee's Direct Trade E1 Project from Saturday.

Lara Wilson, co-owner of Linton & Co., said "This has always been a dream for us to open our very own flagship cafe in the centre of Edinburgh and what better place than in the heart of the city, on Waverley Mall's rooftop with Edinburgh Castle as the backdrop. We are delighted to open and share our coffee, hand crafted brownies and so much more with you all."

Daryll Bunce, of Moorgarth said: "We are delighted to welcome Linton & Co to our excellent rooftop area here at Waverley as we continue to collaborate with further local independent **companies**.

"We feel very strongly about supporting local independent businesses and retailers especially during these times as we emerge from lockdown. Linton & Co have a wonderful offering and we are huge fans of their coffee and of course their brownies. We want to work together to give them an opportunity to shine as they make a comeback and provide a very current and relevant offering to our customers as we welcome them back to the city centre."
