

COVID-19 REFUND GUARANTEE

In these unpredictable times, we understand the importance of having a break away with family or friends to look forward to – with no financial risk attached.

At Winchcombe Farm we want to be as flexible as possible so our guests can book with us safe in the knowledge that their money and plans are protected. We follow the CMA guidance and, should your stay be impacted by COVID-19 restrictions, we are happy to offer the choice of a full refund, open-ended credit note or change of dates for your booking.

To protect against cancellations for reasons unrelated to lockdown restrictions, talk to us about our Booking Protect insurance at the time of booking.

CLEAN & SAFE

Your stay here comes with full peace of mind that every effort has been made to protect your health and safety – without compromising on the five-star standards we're renowned for.

The necessary training, risk assessments, policies and procedures to operate a COVID Secure establishment are all supported by certification from both Visit England and The AA.

So, you can relax and enjoy our beautiful retreat knowing we've taken care of all the important details.
