Dear Parent/Carer,

Welcome to the Conqueror Challenge! We have set up an extracurricular initiative that will promote health and fitness outside of school as well as help raise some much-needed funds for the school.

The point of the challenge is to get children to do extra activity/fitness outside of school and add that activity/distance to a competitive challenge. In total, there are 11 challenges that the children will contribute to via the distance they travel when doing extra physical activities. This can be done via Walking, Running, Cycling or just a kickabout with friends.

As there is a lot of information in regards to how the Conqueror Challenge will work, I have made a YouTube video with a PowerPoint presentation to give further details and to explain what you and your child/children will need to do. That link is as follows:

I have also copied in below the link for the online form that will need to be filled in and sent after every activity. (This is all explained in the video).

I really hope that your child takes part and enjoys the collaborative element of the Conqueror Challenge. With everyone on board, I have no doubt that this event will be a big success and will encourage children to be active and help us fundraise for the school. If you have any questions, then please don't hesitate to ask.

Yours sincerely,

Mr. J Fisher
