Dear Parents / Carers

Home Learning activities – Mainstream Classes

A new page has been created on the school website which currently provides you with useful information and resources for families during the Coronavirus pandemic. Also currently on this page are all the details, instructions and links you will need to begin accessing our home learning arrangements.

Homework for all mainstream classes will be set using **Google Classroom**.

To access this,

- Log in to **HWB**.
- Click on the **Google for Education** tile.
- Enter your **HWB** username and password.
- You will then be taken straight to the **Google Classroom**.
- Please see further guidance on the school website page for how to use this.

If you would like to add your email address to Google Classroom to monitor your child's progress, then please email their class teacher. Please do email your child's class teacher if you need any support, such as with logging on to online resources. Please also be aware that some of these resources are more aimed at children in the juniors.

We are still querying with the local authority what additional support we may be able to provide for our pupils in the ATF, but as things stand currently, ATF teachers will regularly be in touch with parents to support with home learning activities, and general advice.

Please do contact teachers with any queries, and please contact me or any other staff member through the [admin@](mailto:admin@pwll.ysgolccc.org.uk) email address. We will try to get back to you as quickly as possible.
