

068 La Fenicetta

As a sculpture can enhance the beauty of a natural or urban space, jewelry can enhance the natural beauty of a woman. 'La Fenicetta' are a pair of sterling silver earrings. It explores the magic of micro-scale design and is a beginning of a series of art and architecture inspired jewelry. It is a research project to explore the challenges of micro-scale design merging traditional technique with innovative and advanced manufacturing technologies.

068 La Fenicetta
