

# Environmental Policy

Munro Electrical Services Ltd recognises the importance of environmental protection and will comply with all environmental legislation, regulations and appropriate codes of practice relating to the processes and activities of the company. It is the company's objective to co-operate and maintain good relations with all regulatory authorities.

We are committed to minimising the environmental impact of our operations. In particular, we will achieve this through our commitment to:

- comply with all relevant legislation and regulations;
- regularly review the environmental impact of our business activities;
- work with key suppliers to encourage them to develop environmental best practice;
- reduce the amount of waste produced;
- reduce consumption of fuel;
- reduce and/or limit the discharge of pollutants; and
- improve resource efficiency.

This policy is publicly available and will be reviewed and updated periodically.
