#### **W/C 01.06.20 - Year 4 - Home Learning**

This week in English we will cover a range of skills including: identifying poetry features and poetry writing; inference, comprehension and summarising. In maths we would like you to focus on fractions using the White Rose lessons and resources from week 6. This half term we are launching a new geography topic called 'Amazing Amazon'. There are two tasks this week which look at tropical rainforest locations and the different layers of the rainforest. We are also launching an **optional** rainforest project to last the duration of this half term. We look forward to seeing what you come up with.

How you structure your week at home is of course entirely up to you (parents). We appreciate that it is challenging to work from home with children and try to home school them at the same time, so please use your discretion as to when to deliver these activities.

Please do not feel you have to print sheets off if there isn't the need too. Use the worksheet on the screen for children to point/refer too. We have included a chart briefly explaining all the activities in the pack. These will provide further detail and instruction.

We all hope you are as happy as can be and are learning to enjoy your time at home. We miss you all and look forward to when we can all be together again.

#### **Top Tip**

If you have an iPad (or other tablet) to use at home, then you can take a photo of a page and use 'Markup' or you can simply mark up the entire document itself. Remember to save your work, so you know where you got to.

On android, this will look slightly different, but annotating pictures works in a similar way.

Alternatively, you can print the document or write on a lined, squared or blank sheet of paper while viewing the sheet on a device/screen.

#### **Showbie**

These activities and resources will also be on Showbie for you to access. If you are finding it hard to logon, you can 'sign up for free' again and will just need to think of a new username and passcode. (Write this down so

you don't forget it including any capitals and lowercase letters). You don't need to add an email.
