

Houses and Homes

There are lots of different kinds of homes.

This house stands alone. It is called a detached house.

These houses are standing together in a pair.
They are called semi-detached houses

These houses stand together in a row. They are called terraced houses.

These homes are stacked on top of each other.
They are called flats.

This house does not have an upstairs. It is called a bungalow.

Some people live on rivers and canals. Boats are their homes.

In some very cold places people live in homes made of ice. These homes are called igloos.

Some people live in homes that can be moved around. These homes are called caravans.

In some hot countries people live in homes called
tippees

What kind of home do you live in?

What kind of home would you like to live in and why?

Can you think of any other kinds of home?
