Dear Mr. Green,

Finally, rugby league is currently only played by men. This is highly unfair! There are lots of girls in my class that are very talented at sports. I think these girls should be treated the same as me and have the chance to play rugby league.

I am writing to insist that you allow our school to play rugby league as an official school sport. My reasons are very clear and simple - it would reinforce our passion for rugby league. As we support the Saracens, it is a great opportunity for rugby league fans to follow in their heroes' footsteps and it would get girls playing in a male-dominated sport.

Mr Green, Coppice Primary is already a magnificent school. Please make it even more so by bringing rugby league to our school!

Secondly, I know so many of my fellow students and I are outlandishly passionate about the greatest rugby league team to ever play, The Saracens! My friends and I often talk about our favourite players and watch them all the time on television. If we were to play rugby league at school, I would feel like I was an honorary Saracen! Players such as Brad Barritt and Owen Farrell are phenomenal role models for the students of our schools and we would love to play like them one day.

Firstly, as Suttonians, we are passionate and unwavering supporters of rugby league. It can be a long and tiresome wait for the Gallagher Premiership League to begin. If we were to play rugby league at school, it would be like having our own school Premiership league all year round! The students playing would also be passionate and try hard, as many of them are already rugby league supporters.
