

Have a go at working out these sums on your whiteboard...

Use your number line to help you- we are going to start at the first number and count the correct number of jumps, to see where we land!

$3 + 7 =$

$2 + 6 =$

$6 + 4 =$

$1 + 4 =$

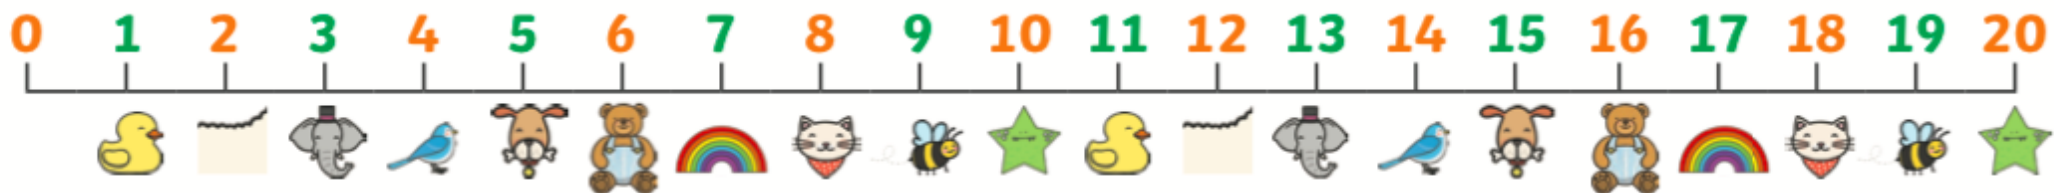

$4 + 5 =$

$8 + 1 =$

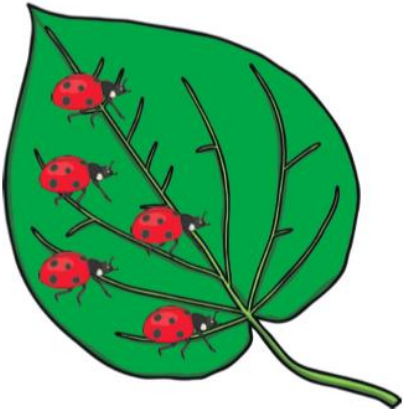

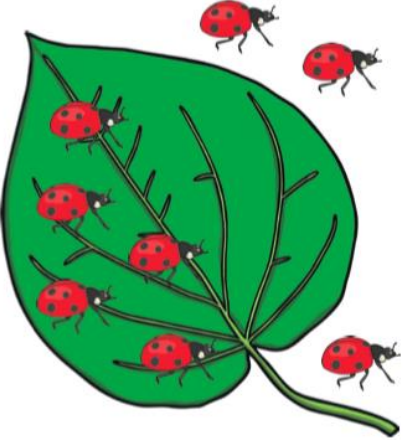

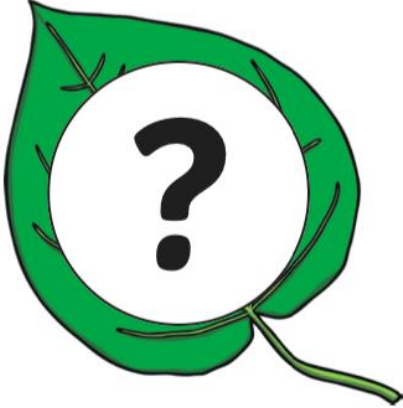

$5 + 3 =$

$7 + 2 =$
