

How do I use the booking system for Mass?

- First, go to: <http://stmarksrcchurch-edinburgh.org.uk/news/mass-booking/>
- Click the link for the Mass you wish to attend. Bookings open exactly one week in advance. For example, if you want to go to Mass on Sunday 28 March, you will need to click the link:

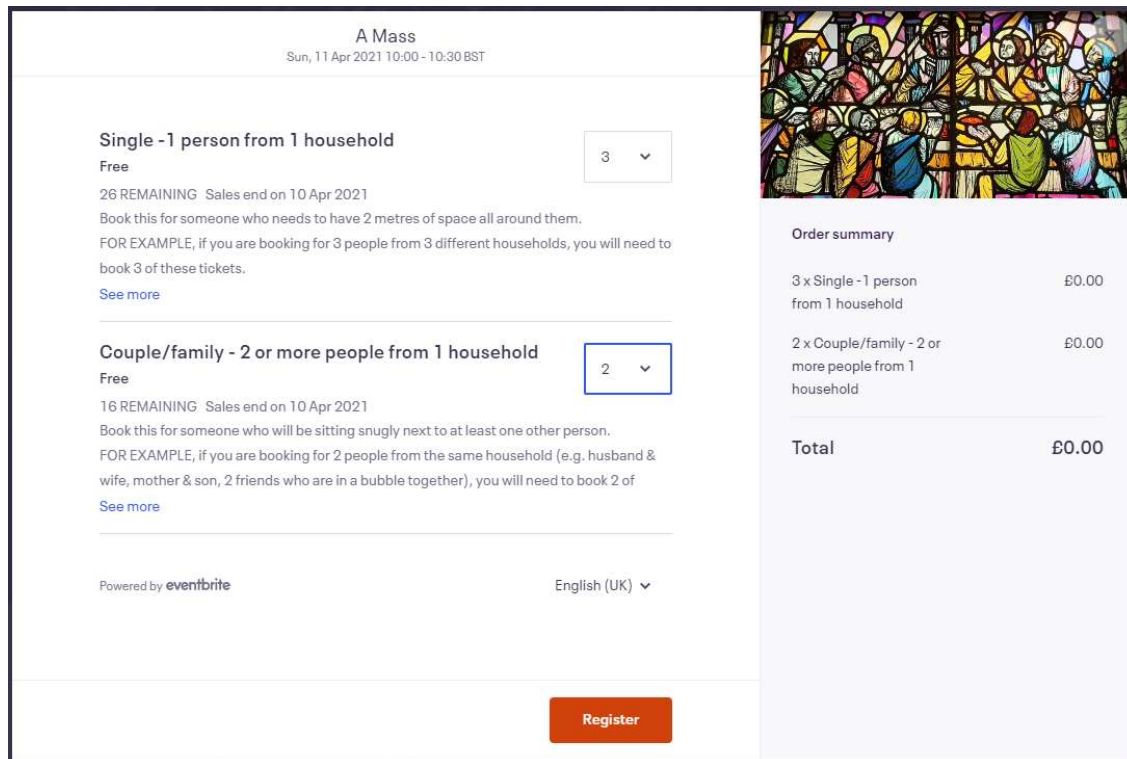

https://sunday_mass_at_stmarks_28mar.eventbrite.co.uk/

This will take you to the booking page on the Eventbrite website.

- Click the register button, which looks like this:

- You will then see the following options:

2 x Couple/family - 2 or more people from 1 household	£0.00
Total	£0.00

There are now two different types of ticket so that we can make sure as many people as possible can safely attend Mass.

If you are booking a place for yourself and/or for friends who all belong to different households, select the appropriate number next to **“Single - 1 person from 1 household”**.

If you are booking a place for yourself and 1 other person who is in the same household or bubble as you, or if you are booking two places for your parents, select 2 next to **“Couple/family - 2 or more people from 1 household”**.

If you are booking a place for yourself and your family and you are all in one household or bubble, select as many tickets as you need next to **“Couple/family - 2 or more people from 1 household”**.

In the example shown above, I have selected 3 single tickets for 3 friends who are all from different households and 2 couple/family tickets for a mother and son who are from one and the same household.

- Next, click the **“Register”** button and fill in the relevant details.
