

The Winterton Federation Separated Parents Policy

Rationale

Research and experience have shown that separated parents can become particularly estranged, especially during the initial stages of the split. This is very often traumatic for any children concerned and unfortunately these personal family problems can have an impact on the schools the children attend.

This policy is primarily an attempt to minimise any impact on the welfare and learning of a pupil. It also aims to clarify to all parties what is expected from separated parents and what can be expected from the Federation and its staff.

Definition

The definition of a parent for school purposes is much wider than for any other situation.

The Education Act 1996 defines a parent as:

- All natural parents, including those that are not married;
- Any person who has parental responsibility but is not a natural parent e.g. a legally appointed guardian or the Local Authority named in a Care Order;
- Any person who has care of a child i.e. a person with whom the child resides and who looks after the child irrespective of the relationship.

Parents as defined above are entitled to share in the decisions that are made about their child and to be treated equally by schools. In particular, these entitlements include:

- Appeal against admission decisions;
- Ofsted and school-based questionnaires;
- Participate in any exclusion procedure;
- Attend parent meetings/Federation events;
- Have access to school records and receive copies of school reports, newsletters, invitations to Federation events, school photographs relating to their child and information about school trips.

Court Orders

The Governing Board recognise that while the parents of some pupils may be divorced or estranged, they are entitled to the above and this entitlement cannot be restricted without a specific court order. In particular, the school does not have the power to act on the request of one parent to restrict another.

The information provided to the school when the child was enrolled detailing whether parents have parental responsibility for the child will be presumed to be correct unless a court order or original birth certificate proving otherwise is provided to the school. Similarly, the information provided on the address(es) where the child resides will be presumed to be correct unless a court order proving otherwise is provided to the school.

At The Winterton Federation, our sole wish is to promote the best interests of the child, working in partnership with all parents unless otherwise directed by a court order. Upon receipt of any court order restricting access to a parent, the school retains the right to consult the Local Authority before taking immediate action.

The Winterton Federation Separated Parents Policy

The Winterton Federation is only obliged to comply with an order if it is properly notified and has received a copy for its Federation files, and only to the extent that it relates to the school. The Winterton Federation also has no responsibility for enforcing any court order. In the event that either school in The Winterton Federation is not informed of the existence of such an order, neither parent will have rights superior to the other.

Parents are encouraged to resolve contact issues without involving The Winterton Federation directly. The interests of the child will always be paramount when deciding whether to accommodate a request from an estranged parent. Neither school will pass on messages, presents etc. from an estranged parent or grandparent.

Unfortunately, in extreme circumstances outside agencies may be involved in a family breakdown. In these circumstances The Winterton Federation will work fully with other professionals to support the welfare of the children.

Change in Parental Responsibility

It is the responsibility of the parents to inform either school in The Winterton Federation when there is a change in family circumstances. The Winterton Federation needs to be kept up to date with contact details, arrangements for collecting children and emergencies.

We encourage parents to tell us at an early stage if there is a change in family circumstances. Whenever possible, staff will be informed of such changes so that suitable support can be offered. We will, however, recognise the sensitivity of some situations and maintain the level of confidentiality requested by parents as far as possible.

Newsletters and general Federation updates will be sent to all parents via the app or the website. These updates will contain all the main events within The Winterton Federation, including productions, sports days, parent's evenings, class trips, etc. Paper copies of letters are only sent on request if adults cannot access the website or app. There is an expectation that parents will communicate these messages to each other as and when appropriate.

We hold one parents evening per year, where all parents are expected to attend. We would expect parents to liaise with each other regarding these arrangements. The Winterton Federation will, however, send a letter to a parent with whom the child does not reside if that parent submits a written request. The Winterton Federation will consider a second appointment at another mutually agreeable time if there are difficulties in parents attending the same appointment.

When Data Collection sheets are completed by parents, care is taken to make sure General Data Protection Regulation (GDPR) procedures are followed and the other parents' details will not be able to be seen.

We expect that parents should liaise and communicate directly with each other in matters such as the ordering of school photographs; tickets for performances and other instances. The Winterton Federation will not deal individually with these requests in view of the significantly increased workload that they represent.

The Winterton Federation Separated Parents Policy

Progress reports and Pupil records

Any parent has the right to receive progress reports and review pupil records of their children. If the parents are separated or divorced, progress reports will be sent to both parents on request.

Disagreements between parents in this regard must be resolved between the parents and cannot be resolved by The Winterton Federation or Local Authority.

Procedure for releasing a child

Both schools in The Winterton Federation, will release children to parents in accordance with arrangements notified to that particular school. If one parent seeks to remove the child from school in breach of the notified arrangements (Court Order), and the parent to whom the child would normally be released has not consented the following steps will be followed:

- The Executive Headteacher or designated deputy will meet with the parent seeking to remove the child and, in his/her presence, telephone the parent to whom the child would normally be released and explain the request;
- If the parent to whom the child would normally be released agrees, the child may be released and the records will reflect that the permission was granted orally;
- In the event that the parent to whom the child would normally be released to cannot be reached, the Executive Head Teacher or designated deputy dealing with the issue may make a decision based upon all relevant information available to him/her;
- The Executive Headteacher or designated deputy may have to refuse permission if consent cannot be obtained;
- During any discussion or communication with parents, the child will be supervised by an appropriate member of federation staff in a separate room;
- In extreme circumstances if there is a belief that a possible abduction of the child may occur or if the parent is disruptive, the police should be notified immediately.

If both parents have parental consent and one parent removes the child unexpectedly, The Winterton Federation is unable to prevent this but a staff member will contact the other parent immediately.

Access to Information

All parents can have equal access to all The Winterton Federation information via our app or website, alternatively they can make a request, in writing, for additional copies of communications which are not available on the app or The Winterton Federation website.

We will maintain our 'open door' policy with all parents, and the class teacher, and/or SLT members/Executive Headteacher will be available by appointment to discuss any issues. We hope that by working together with parents we can achieve the best possible outcomes for our pupils.

The Executive Headteacher will review the effectiveness of the procedures within this policy in relation to individual cases. Information will be shared with Governors where there are Safeguarding concerns.
