

This is a quick help guide to connect your device to eduroam which is the College wireless network system.

## Steps to connect to Android:

1. Go to your **Settings app** and select **WiFi**
2. Select **Wireless & networks**
3. Select **eduroam**
4. Check the certificate settings match those below:
  - EAP method must be set to **PEAP**
  - Phase-2 authentication must be set to **MSCAHPv2**
  - CA certificate must be set to **Do not validate**
5. For Identity, enter your College email address  
e.g. [1234567@dundeeandangus.ac.uk](mailto:1234567@dundeeandangus.ac.uk)
6. Now enter your **College password**
7. The **CONNECT** option should now be enabled (visibly blue and clickable). Click on **CONNECT**.

For further assistance, contact ICT as follows:
