

TegraShield Titanium Fire Upgrading Anti-Graffiti Finish

System	TegraShield Titanium Fire Upgrading AG System
Product Code	ES600FR
Product Description	An ultra high solids, twin pack resin system specially formulated to provide an exceptionally tough fire upgrading protective surface demonstrating excellent cleaning and graffiti removal qualities.
Key System Benefits	The TegraShield Titanium Fire Upgrading Finish can withstand repeated heavy duty cleaning cycles without loss of performance. This allows graffiti to be effectively and easily controlled over the long term. Due to its ultra high solids formulation it has exceptional hiding power allowing a single coat finish for cyclical maintenance where colour choice allows.
Main Uses	The TegraShield Fire Upgrading Titanium System has been designed to help control rapid flame spread on multi-layered painted communal walls and ceilings. Heavy duty cleaning performance combined with extended recoating intervals deliver excellent value and low whole life costs.
Pack Size	5 litres
Coverage Rate	16-18 m ² /litre on smooth non porous surface
Colour Range	BS4800, RAL, NCS and colour matching on request
Application	Brush or short/medium pile roller. Do not apply or allow to dry at temperatures below 0°C or if condensation is likely to occur.
Mix Ratio	Twin pack as supplied. Do not use part units.
Pot life	4 hours @20°C
Drying Time at 20°C	6 hours @20°C
Over Coating Interval	Minimum: 24 hours, Maximum: 21 days <i>Note:</i> Drying times will be shortened by higher and lowered by lower temperatures.
Flash Point	Above 32°C
Storage	Store at temperatures between 5°C and 25°C. Protect from frost.
Shelf life	6 months in original unopened containers
