

For sale or lease: up to nine Bombardier Q400 Aircraft

On behalf of their Owners, Skytech-AIC is pleased to offer up to nine Bombardier Q400 aircraft (Aircraft) for sale or lease

- Manufactured in 2006 (2), 2007 (3) and 2011 (4), the Aircraft are in various states of repair and are available either as a single package or in multiple packages as follows:
 - Five of the Q400s are offered in “as is” condition with SACAA C of As at delivery
 - Four of the Q400s are offered for part-out on an “as is, where is” basis. Disassembly will need to be carried out locally as the aircraft are not in flying condition
 - Two PW150 engines are offered with zero time since shop visits (one fresh from full overhaul with LLP changes and one fresh from major repair) undertaken by Vector Aerospace
 - Six PW150A engines are offered “as is, where is” in unserviceable condition
 - Four uninstalled APUs are offered “as is, where is” in unserviceable condition
 - A section of other parts and tooling may also be available

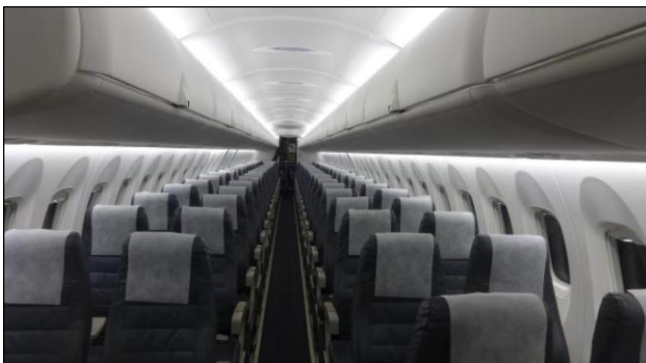

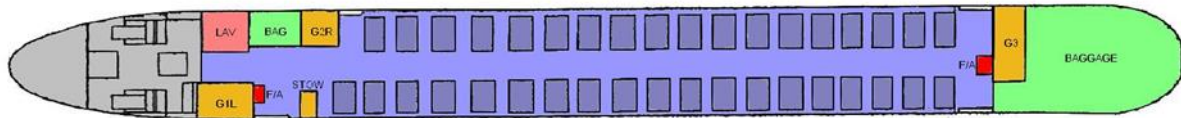

- The Aircraft were previously in service with South African Express Airways (“SA Express”) and two have been with the airline since new in 2006. The remaining seven were owned and operated by Flybe until 2011 when they were sold to the current owner and leased to SA Express. The youngest four of these had been with Flybe for less than 9 months when they were transferred to SA Express.

- Further details of the Aircraft, engines and APUs are available upon request from Skytech-AIC

Aircraft Summary

MSN	Registration	Month of first delivery	Owner	Offered for:
4122	ZS-NMO	April 2006	Micawber 470 (Pty) Ltd	Part-out
