

## LED Bulb

Type : LED Bulb - Frosted

Model No : YT-L01-9W-XW-011A

### ■ Specification

Part No	B252-9
Power	9W
Input Voltage	AC 175 - 265V
Holder Type	B22
Light Color	White & Warm White
Driver	IC Driver
Luminous Flux	720-810 LM
Beam Angle	220°
Ra	≥80
Product Size (mm)	φ 60*111

■ **Features**

- Energy saving. LED lights are more economical than fluorescent lamps
- Life Span :  $\leq 15,000$ hours
- High Brightness with SMD LED
- Environmental protection
- No mercury or hazardous materials
- No flickering
- Ideal for all Energy Saving applications
- No Buzzing
- Superior Thermal Management with Aluminum Housing
- No UV or IR radiation
- Easy to Install and use
- Fashion design
- Pretty Appearance as Quality

■ **Applications**

- Schools & Universities
- Hospitals
- Conference Rooms , Meeting Rooms, Show Rooms
- Residential Buildings , Institution Buildings
- Merchandising
- Super-markets
- Exhibition stands etc
