

All Saints activity - young people's activity (and anyone else who wants to join in

So it looks like we are going to have a bit of an unusual time. But... what a wonderful time to spend time with your family and use this to encourage them to be deeper with God. The awesome God who is much bigger and powerful, than anything that is going on in the world, our God who created the world...

Not going to school, pre-school for most next week is going to be strange. Exciting probably at first but then the realisation of not being able to see people, go to favourite play places may be unsettling. So, it's good to talk about it, or rather give them a chance. So, why don't you grab a bowl and then ask them and you to write or draw any worries or fears

on a small piece of paper and pop them in the bowl. Then as a family pray over these and then again once they are in bed you can prayer them again. You may want to ask them to repeat the exercise every few days.

As it's mothering Sunday this Sunday at All Saints we were going to give thanks not just for mothers but for all those that care for us. Wouldn't it be great to get in contact with someone who has had a big influence in your and your children's' lives? So, I encourage you all to phone, or maybe even video call someone who has helped shape you and to speak to them.

And if you are looking for something to be creative then if you can please can you draw pictures then we could always offer to give them to the nursing homes which are not having visitors and for people in self isolation.

Dear Jesus

We thank you for Mothers everywhere.

We thank you for all who care for us day by day,

Let us remember you were a child too and your mother was Mary,

We say thank you for Mums across the world

And in our country too,

Help us to be grateful,

And help us to show how we say thanks to these people,

Let our voices be heard

For all the Mums and Grans and all those that care for us

On this very special day.

Amen

Kirsty
