Salumanus Ltd,
Imperial Court 2 Exchange Quay
M53EB Manchester
United Kingdom

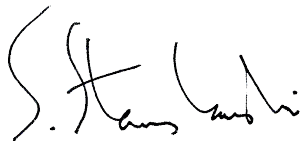

To Whom it May Concern,

We are pleased to recommend Salumanus Ltd. as a reliable partner and provider of high quality products and solutions for telecommunications.

We have recently been working on a project for a data centre for which Salumanus delivered GBC Photonics optical transceivers. Both the quotation and delivery of the goods went smoothly and we are very pleased with the timely receipt of the order and the support we received.

We will surely consider Salumanus for our upcoming projects.

Yours faithfully,

Stefan Stanislawski
Managing Director
