Notice

We are all aware about the fact that the entire world is going through unprecedented situation due to the outbreak of Covid 19 pandemic and presently we are going through second wave of the pandemic. Vaccination program to immune ourselves against this virus is being extensively implemented by Government of India and Government of Tripura.

In this connection, I would like to appeal all the students of Tripura Institute of Technology, Narsingarh to get vaccinated with Covid 19 vaccine at the earliest possible opportunity to them which may help to restore the teaching learning process in regular mode an early date. In addition they are also requested to motivate their family members and friends to utilize the opportunity of the said vaccination program.

HODs of all department are hereby requested circulate this notice among all students in their department and motivate them for early vaccination.

  
(Prof. Sekhar Datta)  
Principal
