

# PUSATCHILLER.COM

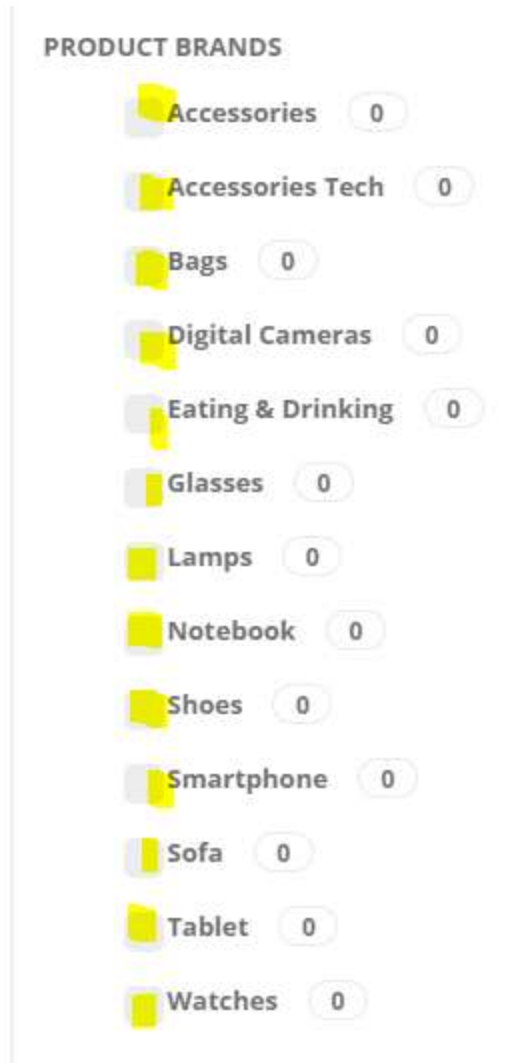

1. Initial display in Pusatchiller store, it is better if there is an animated image to make it look more attractive.

2. In product tags, need to remove data which I marked in yellow.

3. In product brands, need to remove data which I marked in yellow.

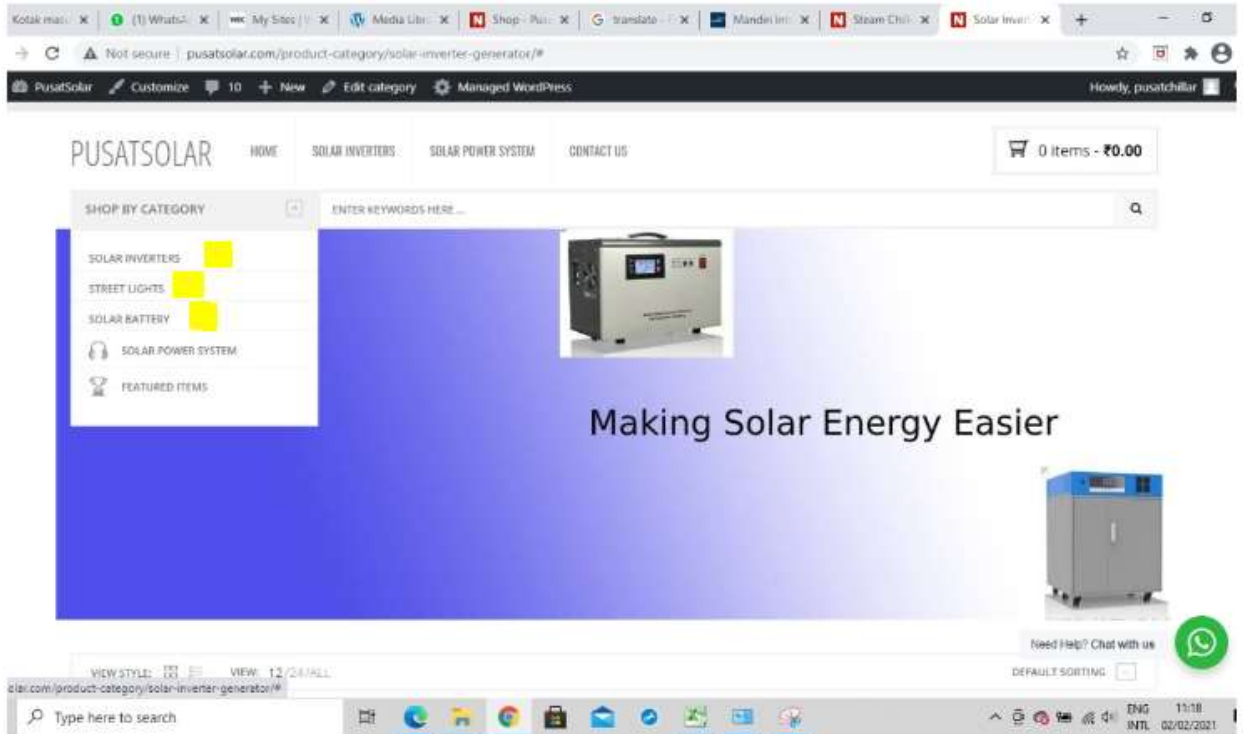

**Note :**

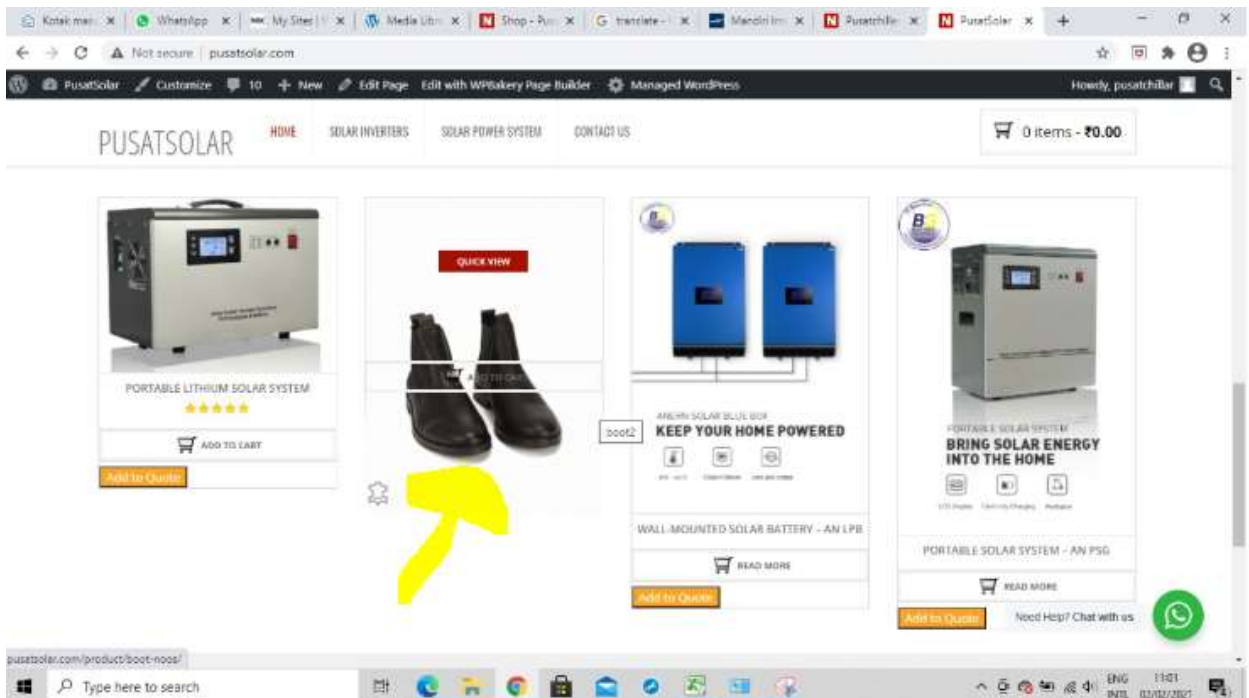

**Please provide instructions on how to delete data on product tags and product brands.**

# PUSATSOLAR.COM

1. When clicking (shop by category) such as a solar inverter, better the image should direct appear next to it. While on the website the image appears below. So it looks unattractive.

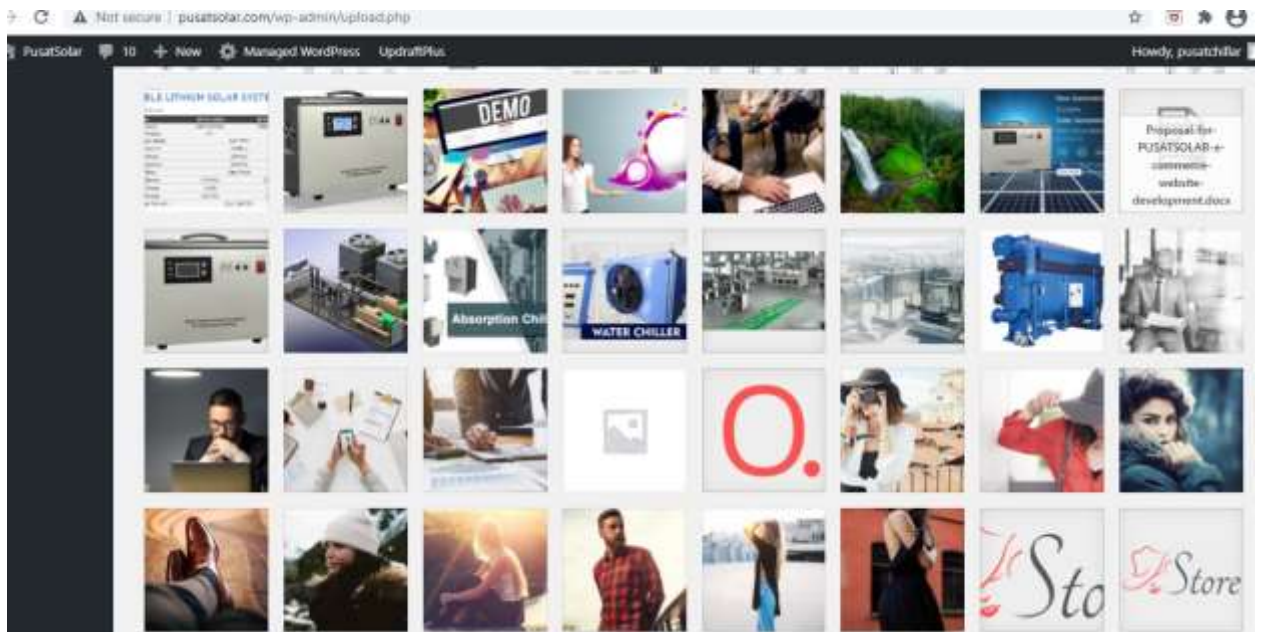

2. Need to remove pictures of safety shoes.

3. The whatsapp number icon cannot be directly connected to the number listed.

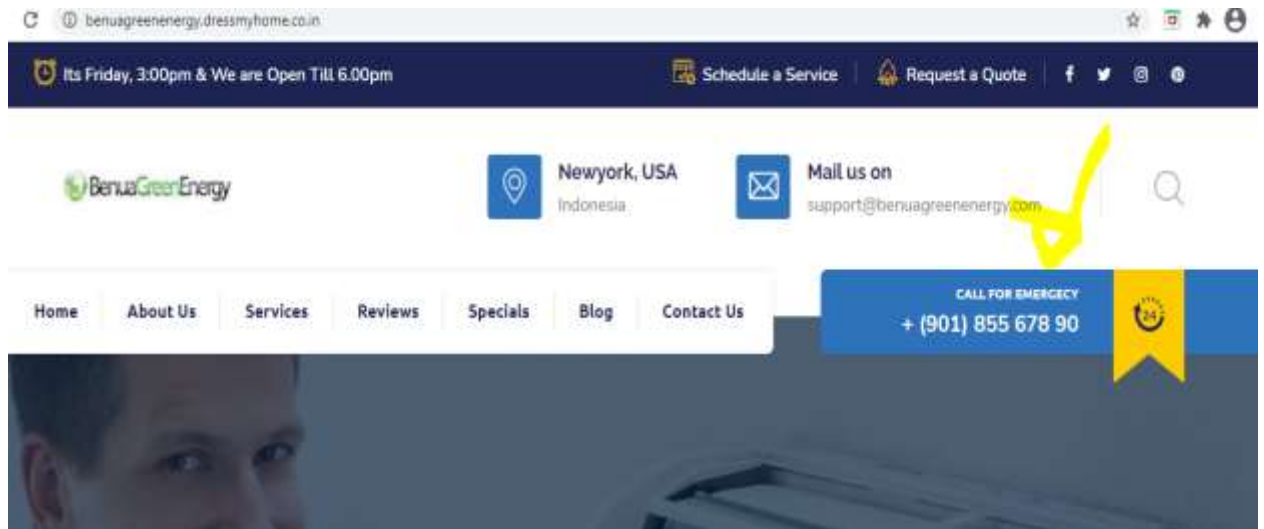

4. Need to remove all previous data of cloths & etc.
