

**List of students who have obtained their M.sc and Ph.D degree by Research**

<b>Dept</b>	<b>Year</b>	<b>Title of thesis</b>	<b>Name of student</b>	<b>Name of guide</b>	<b>Degree</b>
Microbiology	2014	A study of natural extracts of various plants on biofilms of pathogenic bacteria	Ms VarshaSukla	Dr Z. Bhatena	Phd
Botany	2014		Vinit Vaidya	Dr U Parmeshwaran	Phd
Microbiology	2016	Studies on Antimicrobial principles of <i>Sonnarattia alba</i>	Mr.S.V.Raut	Dr.P.D.Anthappan	PhD
Microbiology	2016	Risk Assessment of Spoilage causing and Pathogenic Micro organismsin Milk Products using Mathematical Approaches	Mr Nishith Desai	Dr S. Shrivastava	PhD
Microbiology	2016	Exploration of actinomycetes from sediments for the production of thermostable and alkali tolerant laccase and xylanase enzyme having industrial application	Ms LalitaLimaye	Dr R. C. Patil	Phd
Microbiology	2017	<i>Thraustochytrids</i> – a promising source of biooil and carotenoid pigments	Ms Aparna Pandey	Dr Z. Bhatena	Phd
Microbiology	2017	Studies on antibacterial compounds from methanolic extract of bark [kimia dates] of <i>phoenix dactylifera</i> and its Applications	Ms RajikrishnaRavishankar	Dr S. V. Raut	M.Sc
Microbiology				Dr S. L. Samant	M.Sc
Botany	2017		Rohan Gavankar	Dr M Chemburkar	PhD
Chemistry	2017		Mr. Ashok N. Patange	Dr Bhave	PhD
Microbiology			Ms Sabiha Shaikh	Dr R. C. Patil	PhD
Microbiology	2018	Evaluation of mannan producing organisms for optimum production of MOS as probiotic in CATlaCatla fishery	Ms Sobha Gupta	Dr Z. Bhatena	Phd
Microbiology	2018	Biobutanol production using agricultural waste: upstream and down stream processing	Ms VeenaBhutada	Dr S. Shrivastava	PhD
Microbiology	2019		Ms Azima Shaikh	Dr Anthappan	PhD
Microbiology	2019		Ms Santhini Nair	Dr Anthappan	PhD
Chemistry			Mr. Mazharuddin V. A. Ansari		MSc
Chemistry			Mr. Akmal L. Khan Mohammed		Msc
