Please return homework by Wednesday 16th December

This week the children have had a very creative week, exploring lots of different techniques to create cards and calendars, which the children can't wait to bring home! In order to help embed number recognition, I have provided the children with a colour by numbers activity sheet. Please encourage your child to use a dominant hand and demonstrate how to hold a colouring crayon using a pincer grip.

Many thanks,

Mrs Farrington

Parents/child comments:

Christmas Colour by Number

Match the colours to the numbers.

- 1 = 
- 2 = 
- 3 = 
- 4 =
