Objectives And Policy

The Portfolio aims to provide capital growth and some income by investing in a diversified range of assets and markets worldwide. The Portfolio is benchmarked against the Investment Association Mixed Investment 20-60% Shares sector. The Portfolio will hold between 20% and 60% in equities and normally will have a volatility relative to the UK equity market of between 40% and 60%.

The Portfolio may invest up to 100% of its assets in collective investment schemes, exchange traded funds, closed ended investment schemes and real estate investment trusts, which themselves invest worldwide in any of the following: equities; bonds; and alternative assets. Alternative assets may include funds that use absolute return strategies or funds that invest in real estate, commodities or private equity. The Portfolio may also invest directly in equities, bonds and warrants, and hold cash. The Portfolio may use derivatives with the aim of reducing risk or managing the Portfolio more efficiently.
