

Friday Update

Colourful day

Last week all classes were on the behaviour shield. The Prefects and Head Squad have decided that they would like to have a 'colourful day'. Children can come to school in non-uniform and try to be as colourful as possible! Please ensure your child is dressed suitably to go outside. Children at home - we hope to see you as colourful as possible on your 'zoom call' and in assembly.

Weekend challenge

Miss Rubens has organised a Christmas Decorations weekend challenge - please see attachment

COVID Reminder

As you are aware this week we had to close two bubbles. The children involved have been doing very well and have been offered daily remote learning. This is very much a trial period as we learnt this way of working. So far feedback has been positive. Parents in these groups will be sent a short survey next week.

It is important to remind you to contact us if your child contracts any of the 3 main symptoms: loss of taste or smell, a new continuous cough or a high temperature and book them in for a test.

Please keep in contact with the office to let us know if you are booked for a test and let us know your results.

Foodbank donations

We are officially half way through our food collection for the Harrow foodbank! Thank you to everyone that has donated so far. The foodbank has added some additional items on their list:

- Dried mash potato
- Hot Dogs (Tins/jars)

We really appreciate your support and generosity.

Our last PW Hello

Our last PW hello for prospective new parents is taking place next week - please spread the word!

Children who are isolating

Reminder that they MUST not leave the house and definitely not come onto the school grounds. This applies to high school siblings too.

Attendance

Attendance remains high at 96.9%

Message from the Prefects

At Pinner Wood School, we have had an excellent week and we have had a lot of fun! To add on, next week on Friday 4th December, we will be coming to school in one colour of your choice!

Also, as it is now becoming chilly, please send your child in tracksuit bottoms or thick leggings to keep them warm on PE days.

Up in Year 6, we have been working extremely hard at our first practice SATs and have been getting our scores.

Overall we have had a wonderful week and we are starting to get ready for Christmas!

Alex and Rishika

Staff Training

The staff had a great session this week with 'Mr P ICT' learning lots of new exciting ways that we can use technology in the classroom.

A detailed newsletter will follow next week
