Q&A

ARE YOU INVOLVED IN ANY CLUBS/ SOCIETIES OR SPORTS AT UNIVERSITY?

I'm a very active person who likes to try many different sports. At University, I'm a member of a 8-a-side football team and join in on the boxing events that are put on every week, as well as going to the gym. Also, I'm a member of the Anime Society and have tried out the Huskis Society, which is all about skiing and snowboarding!

WHAT IS IT LIKE LIVING ON CAMPUS?

I love living on campus or close to it. Unlike at home, you have so much more freedom to do anything you want, and everything you need is right outside your door. It might be a little daunting at first, such as having to cook for yourself, living with new people, but you get used to it and meet life long friends!

WERE YOU THE FIRST IN YOUR FAMILY TO GO TO UNI?

I was the first person in my family to go to university, possibly ever. My family were super proud.

WHAT IS YOUR GO TO MEAL TO COOK?

I had no idea how to cook before coming to University, so I was pretty basic at first, but luckily I had flatmates and friends teach me how to. I normally go for something involving chicken, rice/pasta and sure to get some veg in!

WHAT WAS YOUR EDUCATIONAL PATHWAY TO UNIVERSITY?

I did the usual GCSEs at high school and went on to Sixth Form where I did two BTECs in Business and IT. After that, I worked/ volunteered for a couple years before deciding to go to University to study Business. Take your time when deciding what you want to do!

WHAT HAS IT BEEN LIKE STUDYING IN LOCKDOWN?

When the country went in to lockdown, all lectures were cancelled and moved online, while the library was also closed. Adjusting to the sudden change was difficult at first, but there was loads of support available and tons of e-books made available to help students to allow us to keep being successful.
