

Birmingham Tree People

The Alan Reeves Memorial Bursary

The Birmingham Tree People are offering a financial bursary, to students studying on full time courses in Arboriculture at a UK & I Affiliated college within the United Kingdom and Ireland.

These bursary awards are in memory of the late Alan Reeves, professional Educator, who sadly passed away in June 2006.

The Bursary award provides funds towards tuition and books.

The number of Bursaries awarded in each category will be based on applications received and available funds and will be made at the discretion of the Birmingham Tree People

Any student who wishes to apply may do so by following these instructions:

1. The applicant must be a Tree Warden enrolled with Birmingham Tree People and willing to enrol on the ABC L2 course and complete the course of study
2. The student must submit the following items:
 - a) Completed application form.
 - b) A one-page written statement by the applicant describing his/her goals and aspirations that can be used to promote Tree Wardening.
3. Bursary awards will be based on several criteria and not exclusively on needs. Volunteer hours and history in the field of Urban Forestry, career goals and current involvement in the profession will also be considered.
4. Application forms will be available at the start of each course each year with a deadline for submission by the first unit start date. The award committee will review applications with the view to making awards before the course commences.
5. Please send applications to:
By email to: birminghamtreepeople@gmail.com
