Virtual Celebration Packages

Just because we're stuck at home doesn't mean we can't throw a virtual celebration. It might take a bit of planning on your end to send out the invites on whatever go-to social platform you choose and get everyone on board as far as a date and time however; it is well worth the time and effort to motivate your friends, family and colleagues. Today, we need to make every effort to stay connected. We're giving you permission to virtually share your dinners, your happy hours, your birthday parties or any other special occasion that is important to you. Your phones, tablets and laptops will be your new place setting where you entertain separately, but together. These virtual gatherings can be just as heartwarming, fun or wild as you please.

Let **Rabbit Hole** cater your next special celebration. We have come up with some great, fun, interactive virtual ideas for hosting your next social event. Connect with us now at info@rabbitholeott.ca and let us help you make your special event, by working within your budget, virtually flawless.

Stumped for gift ideas? Don't ever underestimate the power of food when it comes to gift-giving. Consider pampering your loved ones or friends for the holidays this year. This experience will arrive at their door and allow them to experience a meaningful and unique experience without lifting a finger.

Alcoholiday Anyone?

Cocktails are like a present you give to yourself – Master the art of cocktail making from home. You'll learn how to elevate your stirring and shaking techniques, flavour, combinations, bar tool collection and more. We provide all the ingredients, recipe and instructions on how to make the featured cocktail so that you can take your bartending skills to the next level. Cocktail kits are sold separately allowing guests to have their own interactive virtual class or, if you'd prefer to have one of our top-rated mixologists lead your virtual class, this too can be arranged.

Take your work's Christmas drinks online and enjoy the time with your colleagues over a Zoom chat. Everybody can enjoy a few drinks from the comforts of their home. If your company has a budget set aside for their annual Christmas party, please contact us in organizing the distribution of our cocktail kits to each of your colleagues.

Take the virtual drinks further with an organized wine tasting workshop. Sign up your staff where they will have the wine sent out to their home address. Anyone can taste wine, all you need is a glass of wine and your brain. Learn the four steps to wine tasting by interacting with your friends or colleagues virtually discussing these four steps.

Deliciousness!

Wine & Cheese Tastings – Wine and cheese have gone hand in hand for centuries. Let us take the guesswork out of pairing your favourite wines with the soon-to be favoured charcuterie board. Our gourmet charcuterie boards have a selection of domestic and imported cheeses combined with delicious cured meats and homemade preserves. Each guest will receive a bottle of red or white wine that is best paired with our weekly charcuterie selections.

Date night - Savour a date night from the comfort of your own home. The most desired gift of love is not diamonds or roses or chocolates, it is focused attention. You provide the candlelight, perhaps some music to the set mood and we'll provide a delicious meal and/or drinks delivered right to your door. Perhaps a bottle of wine that matches perfectly with your meal. Double your fun with a double date? Invite other couples to join virtually. The best nights are always shared with friends who make your life better just by being in it.

Tis the Season to Wine & Dine – Sharing a meal is a key part of most Christmas parties, so why should a virtual one be any different. Just figure out the technology, pick the menu, dress up in your finest Christmas attire (or ugly Christmas sweater) and let us do the rest. Once we deliver the food you can then all marvel at the deliciousness you've ordered and chat over the tasty festive food. Whether you're enjoying this meal with family, friends or colleagues, a virtual Christmas party could be something fun for all to get involved in. Let our Chef create the perfect meal for you and your guests. Eat, Drink & Be Merry.

Cheers to the New Year – As we ring in the New year and say goodbye to 2020, it's time to start making plans on how you are going to toast and enjoy the New Year. Make this year special by planning ahead and getting all of your loved ones connected digitally. Don't spend New Year's Eve trying to figure out how to spend New Year's Eve. Our Chef and his crew would love to cater your evening ensuring that your appetite is sharpened by the first bites. Upgrade to a luxury experience. We say too much is never enough and it doesn't get much more luxurious than adding bubbly to your order. A little bubbly adds elegance and class to any celebration.

It's all about the Kids – Children may forget what you say, but they will never ever forget pizza. There's no better feeling in the world than a warm pizza arriving at your door. Need to host a virtual birthday party while your family is safe at home? If you've got a little one celebrating a birthday in the coming weeks, let us cater this special event. We've found out that no one can pass up pizza without having at least a bite. Some only dream of pizza, others make it happen.

Thank you for your continued support,

Rabbit Hole
