

## Project Type

Ground Mounted  
Solar Array

## Location

Newcomerstown, OH

## The Client

Newcomerstown is the first municipality in Tscarawas county to utilize solar energy and Mayor Pat Cadle has been instrumental in implementing solar projects throughout the village.

## Client Feedback

***"Our projects with Verde Solutions will create a funding stream that will help Newcomerstown rebuild its infrastructure and improve our employees' wages and standard of living. Yes, it will lower our electric bills, but it will be a catalyst for change not just for our community but for many other communities around us who see its success."***

***– Mayor Pat Cadle***

## Our Solution

Verde Solutions worked closely with Mayor Pat Cadle to design two ground mounted solar arrays on land next to the water treatment facility to meet the village's sustainability goals and significantly lower energy costs.
