Each year, Santel provides My South Dakota Books to area schools for use in the 4th grade classrooms. These unique books published through SDN have puzzles, photos and interesting facts regarding our great state and many of its communities. Last spring, we also provided a copy to the Langley School in McLean, VA when they put out a request for people in South Dakota to send them items for use in their studies of every state in the country. They were very appreciative of the book that they could display at their "state fair".

Summertime at Santel—Hard Work, Great Food & Good Causes

Santel has had a busy summer and we're not done yet. Santel staff enjoyed participation in the Woonsocket 4th of July Parade with an 80's theme. We also had the pleasure of "Grillin'n'Chillin'" in Tripp, Mount Vernon, Alpena and Wolsey. These were great opportunities for us to visit with our customers and let everyone know how much we appreciate their patronage. Staff took orders, bagged food and sent attendees home with supper at our drive-thru event. In Alpena and Wolsey, the local volunteer fire departments also assisted with directing traffic and delivering food. The firemen (& women) collected very generous tips to take back to their departments. Finally, our contractors in Mount Vernon and Tripp have been busy burying fiber optic cables as we work hard to get 100% of Santel customers converted to fiber optics over the next few years!
