

**THE BELL
BOTTOM BLUES**
CLAPTON TRIBUTE BAND

The Bell Bottom Blues is a professional tribute to one of the greatest guitar players and rock icons of our time, Eric Clapton. It is a show band in the true sense of the word which performs in theaters, casinos, outdoor concerts and other top venues throughout the country. The band has recreated Clapton's incredible stage presence and awe inspiring performances from The Yardbirds, Cream, Blind Faith, Derek and the Dominos and a incredible solo career that spanned decades. Playing all his hits as well as some deep cuts, Al Caprara has recreated Clapton's guitar stylings and more importantly his voice, making the audience truly feel that they are at a live Clapton Concert. Its a high energy show with both electric and acoustic sets. This is not just a tribute, It's a true Eric Clapton Experience.
