

Occupational Health & Safety Policy

GOAL

Our Goal is to provide a safe and healthy workplace by developing and maintaining safe work practices and promoting a safety conscious culture; together with a unified team approach to preventing injuries, illness and harm in the workplace and wider community.

COMMITMENTS

- Comply with all relevant workplace health and safety laws, standards, regulations and industry codes of practice.
- Establish measurable objectives and targets to assist in monitoring, measuring and continual improvement of our occupational health and safety system.
- Ensure that safety is maintained as a primary value of our Company.
- Minimise and reduce potentially hazardous conditions in the workplace wherever possible.
- Prevent personal and company losses arising from accidents, injuries and illnesses.
- Increase the awareness of Occupational Health and Safety considerations amongst our staff through all phases of projects.
- Provide supervision, information, training, procedures and protective equipment to enable everyone to carry out their work in a safe and productive manner.
- Actively promote team participation to empower all personnel to participate in the identification, control and elimination of risks and hazards.
