Jeannie M. Lewis, Principal

Re: Covid Positive (2) Student Exposure at the school

This letter is to inform everyone that there has been a Covid Exposure by a student at our school. Parents whose child may have been exposed were contacted by our C.N.A., Mrs. Salazar for grades 3rd and 1st/2nd grade classes. The building and classrooms were disinfected with the anti-viral sanitization fogger by our staff on 10/22/21.

Since we are on Fall Break this week and more thorough cleaning and sanitization will be completed and safe for hybrid reopening on November 1, 2021.

To be safe and not put anyone at risk, certain staff members who were exposed will be quarantining for ten (10) days and work remotely from October 22, 2021 to October 31, 2021.

Staff and parents who have been in close contact or proximity have been notified of the said students. Staff who have been identified to have come in close contact are getting the COVID testing done to ensure safety, health and welfare of all. We have reported this to all entities of the Navajo Nation Covid Command Center and BIE.

Please keep checking your email and mass texting for any further information or updates. You may email us for any questions @ j.lewis@kinteelolta.org or c.salazar@kinteelolta.org or ro.allison@kinteelolta.org Ahehee' for your continued partnership and prayers of good health to all. Ahehee'.
